CHRIS REUTER *Pres*

REUTER Seed Company Inc.
NEW ORLEANS, LA.

This is Reuter's New Home

The most Modern Seed House in America

Built to Serve You Better

This new, modern, concrete, fire-proof building is the new home of the Reuter Seed Co., Inc. It has been specially designed and built for the proper and rapid handling of seed orders direct to planters. It was made necessary by the steady increase in our business and makes possible a seed service second to none in America.

Directions to Customers

By carefully observing the following directions, mistakes and misunderstandings will be very largely avoided:

HOW TO ORDER—Please be careful to sign your Name, Post Office, Rural Route and State on every order. Be sure to tell us your nearest express office, should you desire the seed forwarded by express; if by freight, your railroad station, also preferable routing; or, if by boat, your landing, and the name of boat, if possible. **WRITE PLAINLY.**

ORDER EARLY—It will greatly facilitate shipments if orders are sent in early. We aim to ship all orders the same day they are received, and our mail-order department has a capacity for more than 3,000 orders daily, but sometimes it is impossible during the rush season.

CASH WITH ORDER—Customers will please remit when ordering. If goods are wanted C. O. D., 25 per cent, or one-fourth of the amount, must accompany the order. **No plants shipped C. O. D.**

HOW TO SEND MONEY—Remittances should be made by post office money orders, express money orders, drafts or checks on New Orleans or New York. Where it is not possible to obtain these, the letter should be registered. In all cases where the order for seed amounts to one dollar or more, the cost of post office or express money order, or cost of registering the letters from places that are not money-order offices, may be deducted from the amount of the order.

STAMPS—On orders of seeds where the amount is less than 50 cents, we will accept stamps in good condition (one and two-cent stamps preferred) the same as cash, but we would ask those remitting stamps to wrap them in oiled paper, if possible, to prevent their sticking together or to the order.

SEEDS POSTPAID BY PARCEL POST—Please bear in mind that the prices given in this catalog include delivery on all seeds by packet, ounce, quarter-

pound, pound, two pound, and five pound lots, unless otherwise specified.

Send us the amount named in this catalog, and we guarantee safe delivery by postpaid parcel post in these quantities. **This does not include pecks and bushels.**

PRICES SUBJECT TO CHANGE—This catalog is printed in November and December and the market on many items of garden and field seeds has not yet been established. Consequently prices on those items indicate value at the time these pages are printed. Orders will be filled, if at all possible —at prices printed in this book, but **ALL PRICES ARE SUBJECT TO CHANGE WITHOUT NOTICE.**

NON WARRANTY—The Reuter Seed Co., Inc., does not give and its agents and employees are forbidden to give any warranty, express or implied, as to description, quality, productiveness, or any other matter of any seeds, bulbs, plants, etc., it sends out and it will not be any way responsible for the crop. If the purchaser does not accept the goods on these terms, they are to be returned at once, and if the money has been paid for them, it will be refunded. **NO RESPONSIBLE SEEDSMAN GIVES ANY WARRANTY.**

This does not mean that we lack confidence in the seeds we sell, but we have no control over the seeds after they leave our hands. We cannot personally direct the use of our goods after they leave our establishment; neither can we fully control anywhere or at any time the operation of natural law as it affects seed. Sometimes, though not often, our seeds do not come up after planting. This may be due to one or more of several reasons, such as covering too deeply or not deeply enough, too much or too little water, too cold weather or a baking sun which forms a crust too hard for the tender shoots to penetrate. Sometimes insects destroy plants at the surface before they are seen by the gardener.

Notice to Field Seed Buyers

Farm and Field Seeds are not listed in this catalog. Customers who may be interested in purchasing Seed Corn, Cotton, Cane, Clover, Millets, Grasses, Velvet Beans, etc., should write for Reuter's Current Red Ink Price List, which gives market prices on all seeds for farm and plantation use.

Important Parcel Post Information

Postpaid Prices in This Catalog Only Apply to Any Point in the United States.

When ordering at "Not Prepaid" Prices, you pay the postage, express or freight. When ordering your seeds to be shipped by express or freight, always give your express or freight station, if it is not the same as your postoffice.

PARCEL POST RATES

New Postal rates went into effect on April 15, 1925. No increases were made on Parcel Post Zone rates except a service charge of 2c for each package. For an extra charge of 25c, any Parcel Post package, if marked "Special Handling," will receive the same handling, transportation and delivery given to first-class or letter mail. Customers who desire this special service may include 25c extra in their remittance and request "Special Handling" treatment.

Weight Limit—The weight limit within the first, second and third zones is now 70 pounds, and within all other zones 50 pounds.

From the 4th to the 8th zone, shipments weighing 10 pounds or more usually go about as cheap by express.

Poisons cannot be sent by mail.

DOMESTIC PARCEL POST RATES WITHIN UNITED STATES

- 1st zone—50 miles from New Orleans.
- 2nd zone—50 to 150 miles from New Orleans.
- 3rd zone—150 to 300 miles from New Orleans.
- 4th zone—300 to 600 miles from New Orleans.
- 5th zone—600 to 1000 miles from New Orleans.
- 6th zone—1000 to 1400 miles from New Orleans.
- 7th zone—1400 to 1800 miles from New Orleans.
- 8th zone—all over 1800 miles from New Orleans.

If in doubt about your zone rate, obtain it from your postmaster and be sure to send enough to cover necessary postage. If you send too much it will be returned to you.

30. Rutabaga, American Purple Top

Reuter's Vegetable Seeds

REUTER'S GREEN POD BUSH BEANS

Giant Stringless Green Pod No. 14—Somewhat similar to Burpees Stringless but pod is a little longer, straighter and more slender; early, hardy and of the highest quality.

Prices: Pkt. (3 full ounces), 10c; ½ lb., 25c; lb., 45c; 2 lbs., 80c; 5 lbs., \$1.75, postpaid. Not prepaid, peck (15 lbs.) \$3.25; bu. (60 lbs.) \$12.00; 2 bu. or more, per bu., \$11.00.

New Bountiful No. 11—A very thrifty and practically rust and mildew proof bean. Rich green pods, large and extra long and of superior quality.

Burpees Stringless Green Pod No. 46—An early, hardy, vigorous and productive variety. Pods large, thick, round, perfectly stringless.

Prices on above: Pkt. (3 full ounces), 10c; ½ lb., 25c; lb., 45c; 2 lbs., 80c; 5 lbs., \$1.75, postpaid. Not prepaid, peck (15 lbs.), \$3.00; bu. (60 lbs.), \$11.00; 2 bu. or more, per bu., \$10.00.

Black Valentine No. 10—A very hardy commercial variety, popular with truckers, market gardeners and others. Beautiful large pods about 6 inches long, slender, round and almost straight; dark green in color. An early productive sort.

Extra Early Round Pod Red Valentine No. 15—A very hardy, early and productive standard sort. Pods 4½ to 5 inches long, round medium green and of good quality. Our seed stock is unexcelled.

Prices on above: Pkt. (3 full ounces), 10c; ½ lb., 20c; lb., 40c; 2 lbs., 70c; 5 lbs., \$1.60, postpaid. Not prepaid, peck (15 lbs.), \$2.65; bu. (60 lbs.), \$9.50; 2 bu. or more, per bu., \$9.00.

Full Measure No. 12—Long, round green pods, always solid, stringless and exceedingly prolific. Pods about 5 inches long. A thoroughbred stringless variety of finest quality.

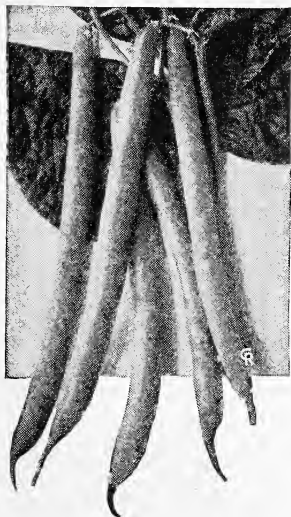

Prices: Pkt. (3 full ounces), 10c; ½ lb., 25c; lb., 45c; 2 lbs., 80c; 5 lbs., \$1.75, postpaid. Not prepaid, peck (15 lbs.), \$3.25; bu. (60 lbs.), \$12.00; 2 bu. or more, per bu., \$11.00.

Longfellow No. 13—Also known locally as French Market. Moderately early and productive. Pods dark green, 5½ to 6½ inches long, very slender, straight and round.

Prices: Pkt. (3 full ounces), 10c; ½ lb., 20c; lb., 40c; 2 lbs., 70c; 5 lbs., \$1.60, postpaid. Not prepaid, peck (15 lbs.), \$2.75; bu. (60 lbs.), \$10.00; 2 bu. or more, per bu., \$9.00.

Giant Stringless Bean

Black Valentine

WAX OR YELLOW PODDED BUSH BEANS

Wardwell's Kidney Wax No. 23—A very popular early gardeners' variety. Pods large, 5½ to 6 inches long.

Davis White Kidney Wax No. 25—The long, straight waxy pods are 6 to 7 inches in length. A splendid truckers' sort.

Prices on above: Pkt. (3 full ounces), 10c; ½ lb., 25c; lb., 45c; 2 lbs., 80c; 5 lbs., \$1.75, postpaid. Not prepaid, peck (15 lbs.), \$3.25; bu. (60 lbs.), \$12.00; 2 bu. or more, per bu., \$11.00.

Surecrop Stringless Wax No. 24—Produces large flat, thick pods, which average 6 inches long. Distinctly stringless.

Pencil Pod Wax No. 27—The round pods are straight, stringless, of highest quality. Color clear yellow.

Prices on above: Pkt. (3 full ounces), 10c; ½ lb., 25c; lb., 45c; 2 lbs., 80c; 5 lbs., \$1.75, postpaid. Not prepaid, peck (15 lbs.), \$3.00; bu. (60 lbs.), \$11.00; 2 bu. or more, per bu., \$10.00.

Currie's Rust Proof Wax No. 31—A very early and productive sort. Pods long, flat, straight. Vines vigorous, productive and hardy.

Prices: Pkt. (3 full ounces), 10c; ½ lb., 20c; lb., 40c; 2 lbs., 70c; 5 lbs., \$1.60, postpaid. Not prepaid, peck (15 lbs.), \$2.75; bu. (60 lbs.), \$10.00; 2 bu. or more, per bu., \$9.00.

POLE OR RUNNING BEANS

Ideal Market No. 47—A superb pole bean. Perfectly round, stringless, early and productive. Our own introduction. The best pole bean in existence.

Prices: Pkt. (3 full ounces), 10c; $\frac{1}{2}$ lb., 25c; lb., 45c; 2 lbs., 80c; 5 lbs., \$1.75, postpaid. Not prepaid, peck (15 lbs.), \$3.25; bu. (60 lbs.), \$12.00; 2 bu. or more, per bu. \$11.50.

Genuine Cornfield No. 36—

A very productive, green podded cornfield bean. For early or late planting, very fleshy and of excellent quality.

White Creaseback No. 32—

The standard pole bean grown in the vicinity of New Orleans. Extremely early and wonderfully productive.

Prices on above: Pkt. (3 full ounces), 10c; $\frac{1}{2}$ lb., 20c; lb., 40c; 2 lbs., 70c; 5 lbs., \$1.60, postpaid. Not prepaid, peck (15 lbs.), \$3.00; bu. (60 lbs.), \$11.00; 2 bu. or more, per bu. \$10.00.

McCaslin No. 33—A wonderfully prolific bean, absolutely stringless, white seeded, green podded, buttery, rustless, and very early. Vines bear continuously if closely picked.

Prices: Pkt. (3 full ounces), 10c; $\frac{1}{2}$ lb., 25c; lb., 50c; 2 lbs., 90c; 5 lbs., \$2.00, postpaid. Not prepaid, peck (15 lbs.), \$3.25; bu. (60 lbs.), \$12.00.

Kentucky Wonder or Old

Homestead No. 34—This well known sort requires no description. Our seed stock is unsurpassed.

Prices: Pkt. (3 full ounces), 10c; $\frac{1}{2}$ lb., 20c; lb., 40c; 2 lbs., 70c; 5 lbs., \$1.60, postpaid. Not prepaid, peck (15 lbs.), \$2.75; bu. (60 lbs.), \$10.00; 2 bu. or more, per bu., \$9.00.

LIMA OR BUTTER BEANS

Hendersons Bush Lima

Willow Leaved Pole Lima No. 50—A Reuter introduction, new and distinct, early, prolific, drouth resistant and easy to grow.

Davis White Wax

Prices: Pkt. (3 full ounces), 15c; $\frac{1}{2}$ lb., 25c; lb., 50c; 2 lbs., 90c; 5 lbs., \$2.25, postpaid. Not prepaid, peck (15 lbs.), \$4.00; bu. (60 lbs.), \$15.00; 2 bu. or more, per bu., \$14.50.

Fordhook Bush Lima No. 41—Produces a strong, erect, true bush-like growth. The best large seeded bush lima. Matures in about 60 days.

Prices: Pkt. (3 full ounces), 10c; $\frac{1}{2}$ lb., 25c; lb., 50c; 2 lbs., 90c; 5 lbs., \$2.00, postpaid. Not prepaid, peck (15 lbs.), \$4.00; bu. (60 lbs.), \$15.00; 2 bu. or more, per bu., \$14.00.

Hendersons Bush Lima No. 38—The earliest of all bush limas. Splendid for market or home. Very hardy and productive.

Carolina or Sieva Pole Lima No. 42—A reliable seeded butter bean of superior quality. Sometimes called Sewee.

Prices on above: Pkt. (3 full ounces), 10c; $\frac{1}{2}$ lb., 20c; lb., 40c; 2 lbs., 70c; 5 lbs., \$1.60, postpaid. Not prepaid, peck (15 lbs.), \$3.00; bu. (60 lbs.), \$11.00; 2 bu. or more, per bu. \$10.00.

Jackson Wonder Bush Lima No. 39—A speckled bush lima, producing broad, flat pods; beans delicious. Superior quality.

Florida Butter Pole Lima No. 45—It blooms profusely all through the season. Seeds speckled white and brownish red.

Prices on above: Pkt. (3 full ounces), 10c; $\frac{1}{2}$ lb., 25c; lb., 45c; 2 lbs., 80c; 5 lbs., \$1.75, postpaid. Not prepaid, peck (15 lbs.), \$3.25; bu. (60 lbs.), 12.00.

BRUSSELS SPROUTS—Improved Long

Island No. 77—The best sort to plant for market or home garden. Prices: Pkt., 10c; oz., 25c; $\frac{1}{2}$ lb., 75c; lb., \$2.50, postpaid.

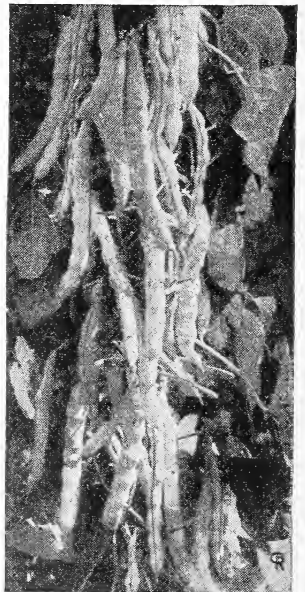

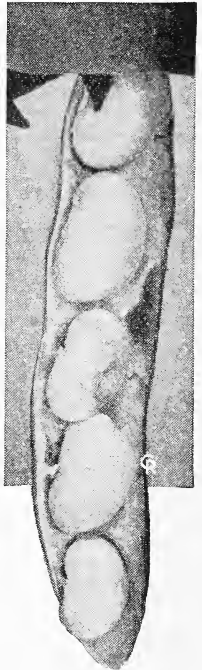

BROCCOLI—White Cape No. 72—This is the best sort for the South. The heads are white, compact, hard and of fine quality.

Prices: Pkt., 15c; oz., 60c; $\frac{1}{2}$ lb., \$2.00, postpaid.

ITALIAN FENNEL No. 265—A bulb-like vegetable which is formed above the ground at the base of the leaf stalks if the plant is well grown. Prices: Pkt., 10c; oz., 15c; $\frac{1}{2}$ lb., 50c; lb., \$1.50, postpaid.

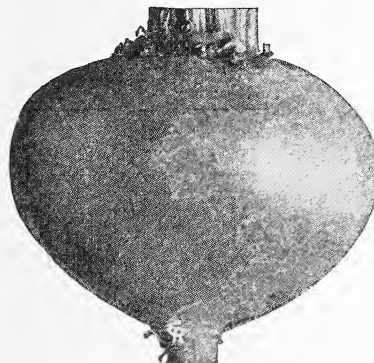

CORN SALAD No. 205—(Douce)—This is a hardy, quick growing plant; the leaves furnish a good substitute for lettuce during the winter.

Prices: Pkt., 10c; oz., 15c; $\frac{1}{2}$ lb., 50c, postpaid.

Kentucky Wonder

Reuter's Superb Beets

Crosby Egyptian Beet

Early Wonder Beet No. 65—This wonderful early beet is much earlier than Crosby Egyptian, and is so uniform in growth that the crop can be harvested practically at one time. The tops are not quite as large as Crosby Egyptian, which permits close planting. The root is nearly globular in shape, slightly flattened.

Crosby Egyptian Beet No. 54—The finest strain in America today. The small top of this variety makes it especially desirable for bunching. The roots are flattened globe shaped and very smooth. The exterior color of the root is bright red. The flesh is bright vermilion red, zoned with a lighter shade, very sweet, tender and of excellent quality.

Crimson Globe No. 59—A handsome and medium size, globe shape sort, entirely free from rootlets; a grand second early sort, ready for use in about 45 days. The foliage is small but just right for bunching. The flesh is a rich blood red, slightly zoned in a most attractive manner; always tender and sweet.

Half-Long Blood Beet No. 63—A half long, deep red beet, by far the best for winter and spring use. It is excellent to slice for pickles. The tops are very upright with exceptionally smooth leaves. The roots are deep red, half long, smooth and uniform in shape. The flesh is very deep, rich red, sweet and tender.

Danish Blood Turnip No. 64—An extra early quick maturing new variety, with small tops. The leaves are blood red. The round root, almost globe-shaped, has a very small tap root. The flesh is blood red, crisp, solid and fine grained.

Extra Early Eclipse No. 55—An early beet, especially desirable for the home garden and used by truckers for bunching. The roots are bright deep red, smooth, round or slightly top-shaped with a small collar. The flesh is bright red, zoned with pinkish-white, very sweet, crisp, tender, especially when young. Makes a rapid growth. Stands long distance shipping well.

Edmands Blood Turnip No. 57—A desirable second early market beet, suitable for home garden. The tops are short, rather spreading; ribs and leaf stalks dark red; blade of leaf bright green, often with wavy edge. Roots nearly round or slightly flattened; exterior color dark red, interior color, purplish-red with little zoning; crisp, tender, sweet and an excellent keeper. The roots grow regular and are of right marketable size.

Prices on above: Pkt., 10c; oz., 15c; ¼ lb., 35c; lb., \$1.00; 5 lbs., \$4.50, postpaid. Not prepaid, 10-lb. lots or over, at 75c per lb.; 25-lb. lots or over, at 60c per lb.

Fire Ball No. 66—A new and quite distinct extra early turnip-rooted variety of the finest table quality. Flesh solid, crisp and sweet and brilliant fiery red color. Perfect globular shape, smooth skin, small tap root and slender leaf stalks.

Prices: Pkt., 10c; oz., 15c; ¼ lb., 45c; lb., \$1.50; 5 lbs., \$7.00, postpaid. Not prepaid, 10-lb. lots or over, at \$1.25 per lb.; 25-lb. lots or over at \$1.00 per lb.

Detroit Dark Red No. 58—One of the best beets for market or home garden, and on account of its uniformly deep rich color the most desirable for canning. The tops are small and upright in growth. The roots are medium sized, globular or nearly round, very smooth and of dark blood red color. The flesh is deep vermilion red, zoned with a lighter shade of the same color. A very desirable bunching variety.

Prices: Pkt., 10c; oz., 15c; ¼ lb., 50c; lb., \$1.50; 5 lbs., \$7.00, postpaid. Not prepaid, 10-lb. lots or over, at \$1.25 per lb.

Green Leaved Swiss Chard (Spinach Beet) No. 68—This is a distinct new Swiss Chard with leaves almost identical with that of the Spinach, and is dark green in color. It is much darker green than any other variety of Swiss Chard produced so far, and is also much more tender. The midribs, too, are edible and tender, light green in color.

Prices: Pkt., 10c; oz., 15c; ¼ lb., 45c; lb., \$1.50; 5 lbs., \$7.00, postpaid. Not prepaid, 10-lb. lots or over, at \$1.25 per lb.; 25-lb. lots or over, at \$1.00 per lb.

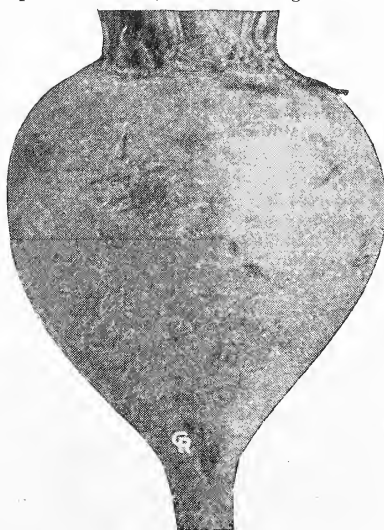

Mammoth Long Red Mangel No. 61—

Also known as Jumbo or Colossal. A truly mammoth variety for stock feeding purposes. A single root often weighs from 40 to 50 pounds, and sometimes more. In yield it is enormously productive; 1200 to 1700 bushels to the acre is not rare on good soils. Roots grow one-half to two-thirds above the surface and are usually 18 inches to 2 feet long and 4 to 6 inches in diameter. Matures in about 3 months.

Klein Wanzleben Sugar Beet No. 62—

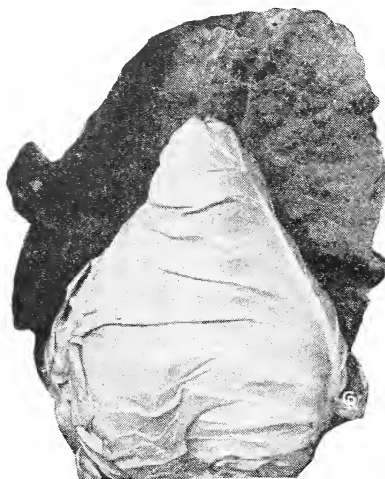

The Sugar Beets are desirable not only for making sugar, but are valuable for stock feeding, and when small, may be used for the table. This variety is one of the richest sorts in sugar content.

Prices on above: Pkt., 5c; oz., 10c; ¼ lb., 20c; lb., 60c; 5 lbs., \$2.50, postpaid. Not prepaid, 10-lb. lots or over, at 40c per lb.

Early Wonder Beet

Reuter's Cabbage Seed

Charleston Wakefield

All America Cabbage No. 100—A new and valuable variety that has been developed by our Long Island seed grower, which according to repeated tests over several seasons, seems to be able to produce a rather large crop of cabbage per acre in the same length of time as Stein's Early Flat Dutch. A splendid main crop cabbage that is comparatively early. A pure-bred American cabbage that deserves a trial.

Earliest Flat Dutch No. 99—A splendid and profitable extra early, flat-headed cabbage. It is the rival of the famous Wakefield. Heads are 4 to 5 pounds in weight, leaves smooth. May be set 16 to 18 inches in the row. Our trials show 95 per cent mature heads in 90 days from transplanting. In our opinion, if there is any variety of cabbage that will produce a first-class crop with regularity, and be ready for market in 70 to 80 days from sowing seeds, it is this one. Pure bred Long Island seed.

American Savoy No. 95—The best crumpled leaf cabbage. The Savoy cabbage is noted for its fine and delicate flavor. The leaves are wrinkled or densely crumpled. Matures fine large heads in about 110 days.

Mammoth Red Rock No. 96—The best, largest heading, hardiest and most dependable red cabbage. Produces heads in 120 days, round, very solid, and of a deep red color, often weighing 12 pounds each. Use principally for pickling. A sure cropper.

Prices on above: Pkt., 10c; oz., 35c; ¼ lb., \$1.00; lb., \$3.50; 5 lbs., \$16.25, postpaid. Not prepaid, 10-lb. lots or over, at \$3.00 per lb.

All Head Early No. 86—An excellent second early market sort that produces heads that are very large for so early a cabbage and of good quality. The stem is short. The heads are solid and flat, but very deep. It is a dependable sort, and the demand for this stock is growing every year. Matures in about 100 days.

Prices: Pkt., 10c; oz., 25c; ¼ lb., 75c; lb., \$2.50; 5 lbs., \$12.00, postpaid. Not prepaid, 10-lb. lots or over, at \$2.25 per lb.

Charleston Wakefield No. 83—The grandest winter variety in existence. Our super-selected stock has been developed to meet the specifications of market gardeners.

Early Jersey Wakefield No. 84—This most excellent and surest heading of first early cabbages for the market or home garden. Plants are exceedingly hardy, resisting cold and other unfavorable conditions. Compact and erect or very slightly spreading, with few outer leaves, which are smooth, thick, nearly oval and a deep green. Stem is short; heads are medium size, very solid, uniformly pointed and of excellent quality. Pure-bred Long Island seed only.

Peerless Succession No. 91—The most justly celebrated second early variety in cultivation. Heads become solid long before they are fully grown, so that immature heads of satisfactory size may be cut long before it is all at its best. Heads medium sized very firm and solid, averaging 10 to 12 inches in diameter, with an average weight of 12 to 15 pounds.

Stein's Early Flat Dutch No. 92—The best and largest early flat cabbage for the South. Unquestionably it is the finest bred and earliest of the very large (weighs 17 to 25 pounds) cabbage and the most solid headed, thorough-bred of its class. For fall and early spring planting it is unexcelled. Plants are short-stemmed, compact, and upright with few and short leaves. Heads nearly round and somewhat flattened, close, firm, very solid. Long Island seed.

Monster Surehead No. 93—A dark blue-green, hard headed, medium size cabbage. The plants are rather upright, allowing closer planting than the late flat Dutch types. Stems are rather short. The heads are large, broad, thick, and somewhat flattened, compact, very solid, and of exceptional quality.

Prices on above: Pkt., 10c; oz., 30c; ¼ lb., 90c; lb., \$2.75; 5 lbs., \$13.00, postpaid, Not prepaid, 10-lb. lots or over at \$2.50 per lb.

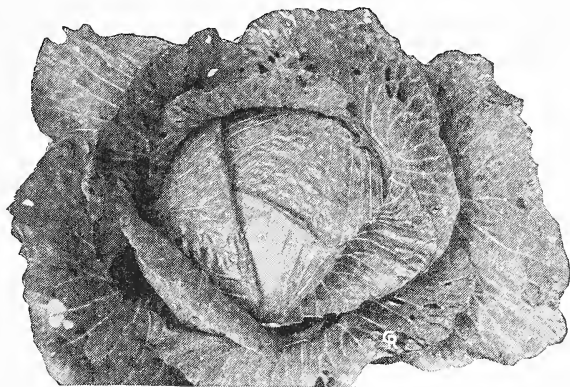

Glory of Enkhuizen

Copenhagen Market

No. 89—Extra Special Bred Danish Grown Seed. The earliest large round-headed cabbage yet introduced. The heads are exceptionally large for so early a variety, very solid and of most excellent quality. The plants are vigorous but compact, with short stem and few outer leaves which are of rather upright growth. The leaves are medium light green, nearly round, comparatively thick and smooth.

Prices: Pkt., 10c; oz., 35c; $\frac{1}{4}$ lb., \$1.00; lb., \$3.50; 5 lbs., \$16.25, postpaid. Not prepaid, 10-lb. lots or over, at \$3.00 per lb.

Peerless Succession

Peerless Large Late Flat Dutch No. 87

—The best type of late Flat Dutch ever introduced in the South. Largely planted by our local gardeners. The plants are very hardy, comparatively slow growing but very sure heading; stems rather short. The plants are exceptionally vigorous with very large, broad, spreading outer leaves, which are moderately smooth or very slightly waved.

Prices: Pkt., 10c; oz., 25c; $\frac{1}{4}$ lb., 75c; lb., \$2.50; 5 lbs., \$12.00, postpaid. Not prepaid, 10-lb. lots or over, at \$2.25 per lb.

Danish Ball Head No. 90

—Very hardy, sure-heading, very solid, of good quality. The plants are vigorous and compact, with stems of medium length. The heads are medium size, round, very solid and heavy.

Glory of Enkhuizen No. 97—This second early variety is very sure-heading and of excellent quality. The plants are of vigorous growth, with large, rather spreading outer leaves which are noticeably curled and frilled. The heads are globular or nearly round, very solid and of large size for so early a variety.

Prices on above: Pkt., 10c; oz., 30c; $\frac{1}{4}$ lb., 90c; lb., \$2.75; 5 lbs., \$13.00, postpaid. Not prepaid, 10-lb. lots or over, at \$2.50 per lb.; 25-lb. lots or over, at \$2.25 per lb.

Pe-Tsai or Chinese Cabbage No. 82

—This variety is straight short-leaved, which we import direct from Northern China. It makes a solid head, with few outer leaves, and is the most desirable type to plant. Grows very quickly, being ready to eat in 60 days. The seed should not be sown during hot weather. Start the plants in a bed and transplant to about 15 inches apart in the row. It is very palatable if boiled like cabbage, but must be cooked quickly.

Prices: Pkt., 10c; oz., 30c; $\frac{1}{4}$ lb., 90c; lb., \$3.50, postpaid.

COLLARDS

—This type of cabbage is grown for winter use in the Southern States to furnish a large amount of green forage for stock and to provide boiling greens for table use.

Southern or Georgia No. 178

—This variety is the old-time favorite. Very hardy, standing winters as far north as Tennessee. Will make good crop where the soil is too poor to grow cabbage.

Prices: Pkt., 5c; oz., 10c; $\frac{1}{4}$ lb., 25c; lb., 75c; 5 lbs., \$3.00, postpaid. Not prepaid, 10-lots or over, at 50c per lb.

Cabbage-Collards No. 179

—A white heading variety of collards that is as hardy as the ordinary collards, but with better eating qualities and the

heading character of the cabbage is its most desirable feature. Does not grow as tall as the Georgia, but the leaves grow closer together on the stem. It is more tender and best flavored sort. This cabbage-like collard grows fine in hot weather and stands winter cold that would kill cabbage.

Prices: Pkt., 5c; oz., 15c; $\frac{1}{4}$ lb., 40c; lb., \$1.25, postpaid.

BORECOLE or KALE

A member of the cabbage family, known as Curly Greens. It's more hardy than cabbage and much superior in eating qualities than collards.

Early Green Curled Kale No. 67

—The plant is low and compact; very hardy, remarkably tender and delicate in flavor. Leaves rich green and very curly.

Prices: Pkt., 5c; oz., 10c; $\frac{1}{4}$ lb., 30c; lb., \$1.00; 5 lbs., \$4.50, postpaid. Not prepaid, 10-lb. lots or over, at 80c per lb.

Copenhagen Market

Selected Carrot Seed

Danvers

Danvers Half Long No. 129—A half-long orange carrot, grown largely on account of its great productiveness and adaptability to all classes of soil. The tops are of medium size. The mature roots are of medium length, 6 to 8 inches long, tapering uniformly to a blunt point.

Chantenay No. 130—A splendid bunching sort, very popular with market gardeners. It is a medium early, half-long variety. The tops are medium sized with small neck. The mature roots are thick, 5 to 6 inches in length, uniformly half-long or stump rooted, but tapering slightly, smooth, deep orange red in color. The flesh is crisp and tender. Matures its beautiful shaped roots in about 60 days.

Red St. Valery No. 131—The roots are very deep orange, long and comparatively thick, often 12 inches in length and 3 inches in diameter at the crown, tapering regularly to a point. A splendid sort for early planting. It grows smoothly and is sweet and tender; roots are ready to pull in 70 days.

Oxheart No. 132—The tops are comparatively small. The mature roots are 4 1/2 inches long, very thick, ending abruptly in a small tap root. The flesh is bright orange, fine grained and sweet. Ready for market in about 65 days.

Prices on above: Pkt., 10c; oz., 15c; 1/4 lb., 35c; lb., \$1.00; 5 lbs., \$4.50, postpaid. Not prepaid, 10-lb. lots or over at 75c per lb.; 25 lb. lots or over at 60c per lb.

Long Orange No. 133—A well-known sort, roots long, thickest near the crown, tapering regularly to a point, color deep orange. It is a good keeper of fine quality for winter use. A heavy cropper, so heavy in fact that it is profitable to grow for stock food, while in quality it is a table carrot.

Prices: Pkt., 5c; oz., 10c; 1/4 lb., 30c; lb., \$1.00; 5 lbs., \$4.50, postpaid. Not prepaid, 10-lb. lots or over, at 75c per lb.

Large White Belgian No. 134—The best of all stock carrots. The yield is enormous, often 20 to 25 tons per acre. There is no better stock food in the world than this crop. Produces large roots in 90 to 100 days.

Prices: Pkt., 5c; oz., 10c; 1/4 lb., 25c; lb., 75c; 5 lbs., \$3.00, postpaid. Not prepaid, 10-lb. lots or over, at 55c per lb.

CELERY

Golden Self Blanching No. 155—A variety for market gardeners. We have had this seed grown for us in France by the same grower for a number of years, so we know our stock is right.

Prices: Pkt., 10c; 1/2 oz., 60c; oz., \$1.00; 1/4 lb., \$3.25; lb., \$12.00, postpaid.

White Plume No. 156—A handsome early variety; leaves are bright green at base, shading nearly white at tips. As plants mature, the inner stems and leaves turn white.

Giant Pascal No. 157—A very good sort. The stalks are about 2 feet high, thick, solid and stringless.

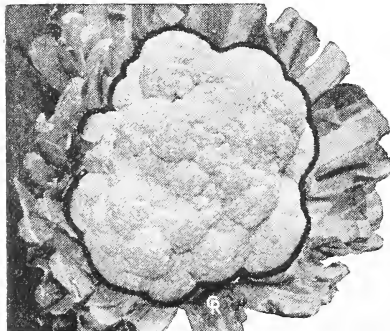

Prices on above: Pkt., 10c; oz., 25c; 1/4 lb., 75c; lb., \$2.50, postpaid.

Celeriac No. 158—Turnip Rooted Celery. The roots are the edible portion, excellent for salads and stews. They are also cooked and sliced as a salad.

Prices: Pkt., 10c; oz., 25c; 1/4 lb., 75c; lb., \$2.50, postpaid.

CAULIFLOWER

Peerless Snowball No. 144—Largest, most perfect, and surest header of all early varieties. The plants are compact with few short outside leaves and are well suited for close planting. The heads are of medium to large, solid, compact, round, very white.

Snowball Cauliflower

Prices: Pkt., 25c; 1/4 oz., 50c; 1/2 oz., 90c; oz., \$1.50; 1/4 lb., \$5.50; lb., \$20.00, postpaid.

Large Algiers No. 145—An unsurpassed variety for planting in the Gulf Coast section. It will head when others fail. The plant is large, but of upright growth, the leaves protecting the heads so that they will endure uninjured a frost that would ruin other sorts.

Prices: Pkt., 15c; 1/4 oz., 30c; 1/2 oz., 50c; oz., 85c; 1/4 lb., \$3.00; lb., \$10.00, postpaid.

KOHLRABI — Early White Vienna

No. 306—The best variety for you to plant. Prices: Pkt., 10c; oz., 25c; 1/4 lb., 75c; lb., \$2.50, postpaid.

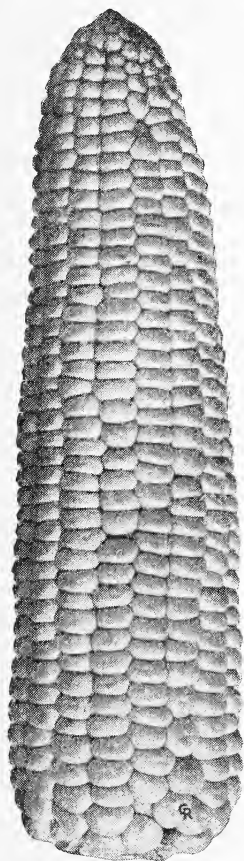

CHERVIL No. 173—A hardy annual with aromatic leaves somewhat resembling Parsley. The young leaves are used in soups and for flavoring and garnishing meats and vegetables.

Prices: Pkt., 10c; oz., 25c; 1/4 lb., 75c; lb., \$2.50, postpaid.

Oxheart

Corn for Roasting Ears

Stowell's Evergreen
(Sugar) Corn

Barden's Wonder Bantam (Sugar) No. 199—

There is an ever increasing demand for an early sweet corn having all the good qualities of the Golden Bantam, together with a larger ear and having the same maturing season. Planted beside the Golden Bantam, it was found more vigorous, productive and as early as the Bantam, having the marked advantage of having much larger ears set up higher on the stalk. The stalks grow from 5 to 6 feet in height and have ears 8 to 10 inches in length, filled with eight rows of rich golden colored kernels. It is a variety that will appeal to the home gardener as well as the canner who has been looking for a Bantam corn that will produce more tonnage per acre and at the same time not sacrifice its high quality.

Prices: Large pkt., 10c; 1/2 lb., 20c; lb., 40c; 2 lbs., 75c; 5 lbs., \$1.75, postpaid. Not prepaid, peck (11 lbs.), \$2.50; bu. (44 lbs.), \$9.00.

Stowell's Evergreen (Sugar) No. 188—This is not only the most celebrated, but the most popular of all varieties. Although not an early sort, it is, without any exception the best for table use of the entire lot, although quite late. Some may observe they have tried it and have not had the pure stock, as no variety degenerates so quickly unless the grower is exceedingly careful.

Country Gentleman (Sugar) No. 189—The ears average 9 inches in length and are borne from two to five and sometimes six on each stalk. The cob is small and very closely packed from tip to butt with slender, pure white kernels of the finest quality. If you try this variety you will like it.

Golden Bantam (Sugar) No. 190—

It is not only the sweetest, but also one of the hardiest, and what it lacks in size is more than made up by its other grand qualities. The ears are from six to seven inches long, eight rowed, filled with broad, sweet golden yellow kernels of a delightful flavor. It may be planted with perfect safety from ten days to two weeks earlier than the Sweet Corns. The dry seed is quite solid and is not apt to rot as that of the softer kinds.

Prices on above: Large pkt., 10c; lb., 40c; 2 lbs., 70c; 5 lbs., \$1.50, postpaid. Not prepaid, peck (11 lbs.), \$1.75; bu. (44 lbs.), \$6.50.

Truckers' Favorite No. 193—

A wonderful early table corn, a cross between the Adams Early and another splendid variety. Average height of stalk about five feet. The ear is thick, well grained to the end of the cob, rows of grain straight and uniform. When cut green for the market the ears average from 12 to 14 inches in length. It is only a few days later than the Adams Early in cutting, and being a large ear, commands the highest price in the market. This corn has sold in the New York markets for \$8.00 per 100 ears, wholesale. In eating, this corn is slightly sweet, resembling sugar corn in

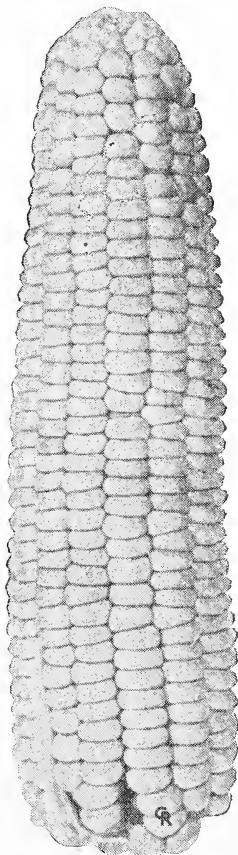

taste. It is very productive, producing two and often three good ears to the stalk. Prices: Large pkt., 10c; lb., 30c; 2 lbs., 50c, postpaid. Not prepaid, peck (14 lbs.), \$1.25; bu. (56 lbs.), \$4.00; 2 bu. or more, per bu., \$3.75.

REUTER'S SELECTED SHELLED POP CORN FOR SEED

Monarch White Rice No. 196—Everybody knows the old variety named White Rice. Our strain is an improvement, with large ears, and the ears are more abundantly produced. The stalks grow taller and the ears are much longer, but more slender, compared with the Japanese Hulless. Prices: Large pkt., 10c; lb., 30c; 2 lbs., 55c; 5 lbs., \$1.25, postpaid.

New Golden Queen No. 197—The stalks grow six feet high and the large ears are produced in abundance. Ears larger than most sorts; rich orange yellow color; kernels round and smooth. It pops perfectly white and a single kernel will expand to a diameter of nearly an inch. Prices: Large pkt., 10c; lb., 35c; 2 lbs., 60c; 5 lbs., \$1.25, postpaid.

Japanese Hulless No. 198—Also known in some sections as Tom Thumb or Bumble Bee. A dwarf growing corn, heavy yielder of attractive ears, peculiar in form, being nearly as thick as long. Its crowning merit lies in its popping quality, fine flavor, and absence of hull or shell. Prices: Large pkt., 10c; lb., 35c; 2 lbs., 65c; 5 lbs., \$1.50, postpaid.

Truckers'
Favorite Corn

Cucumber and Eggplant

CUCUMBERS

Evergreen White Spine

No. 215—It has an ideal shape, and the handsomest extra dark green color of any cucumber. It is of the most perfect size; just what is wanted either for table or market. Eating qualities surpass any other cucumber and does not lose its dark, rich color when shipped long distance.

Prices: Pkt., 10c; oz., 15c; ¼ lb., 45c; lb., \$1.50; 5 lbs., \$7.00, postpaid.

Early Fortune No. 216—One of the finest types of White Spines yet produced. Early, very productive and disease resistant. Fruits 9 inches long, slightly tapering, flesh white, very firm and crisp, with few seeds. The color is a rich dark green, which does not fade. Mature in about 50 days.

Reuter's Everbearing No. 223—Enormously productive and a general favorite. Fruits of every age and also blossoms may be found on a single vine, and bearing continues until frost.

Evergreen Pickle No. 225—An early maturing, very small dark cucumber, cylindrical, square ended, and very popular with growers for small pickles.

Prices on above: Pkt., 10c; oz., 15c; ¼ lb., 40c; lb., \$1.25; 5 lbs., \$5.50, postpaid.

Reuter's Perfected Davis Perfect No. 227—Its beautiful color and quality attract the buyers. Unequalled for market, garden and greenhouse. Every fruit is shapely and holds its fine cylindrical shape clear to the stem end. Fruits very deep green in color, rather long, averaging 10 inches or more in length. Flesh crisp, tender, of good quality. Ready for market in 60 days. Prices: Pkt., 10c; oz., 20c; ¼ lb., 50c; lb., \$1.75; 5 lbs., \$8.00, postpaid.

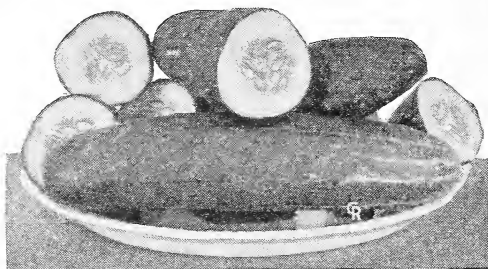

The Kirby Cucumber No. 229—It Stays Green—A selection of a medium early White Spine. In color it is a very deep green which holds for a long time and unlike many other varieties, the color does not commence to change until the fruits are quite mature. Of finest quality. The cylindrical fruits are 7 to 8 inches long. A great favorite in Florida and Southern Alabama for shipping north.

Prices: Pkt., 10c; oz., 20c; ¼ lb., 50c; lb., \$1.50; 5 lbs., \$7.00, postpaid.

Improved Long Green No. 217

A standard well known table sort, 12 to 14 inches long, slender, more or less warted, tapering towards the stem end; color dark green. This is a standard sort for slicing and is very largely used for pickles.

Prices: Pkt., 10c; oz., 20c; ¼ lb., 60c; lb., \$2.00; 5 lbs., \$8.75, postpaid.

Evergreen White Spine

EGGPLANTS

New Orleans Market No. 236

The finest home and shipping variety. Our own special stock produces a distinct variety. A long, dark purple variety that combines all essential qualifications for the trucker. Wonderful long distance shipper. The plants grow large and high, sometimes 5 feet and bear fruit entirely off the ground. Will

carry to any market without spoiling. No one else can offer you the same stock. We own and control the entire seed supply.

Prices: Pkt., 10c; ½ oz., 25c; oz., 40c; ¼ lb., \$1.50; lb., \$5.00; 5 lbs., \$23.00, postpaid.

New York Purple No. 237

A spineless sort. Very popular with market gardeners. Plants large, producing 4 to 6 large oval fruits of dark purple color.

Prices: Pkt., 10c; ½ oz., 25c; oz., 40c; ¼ lb., \$1.50; lb., \$5.00; 5 lbs., \$23.00, postpaid.

Florida High Bush No. 239

True stock. Plants of strong, upright growth, holding fruit well above ground; fruits similar in size and shape to our New Orleans market, though not so dark in color.

Prices: Pkt., 10c; ½ oz., 20c; oz., 40c; ¼ lb., \$1.50; lb., \$5.00; 5 lbs., \$23.00, postpaid.

Black Beauty No. 238—A disease resistant strain that is popular with commercial truckers, especially in Southwest Texas. The fruits are jet black. Average weight 2 to 3 pounds.

Prices: Pkt., 10c; ½ oz., 25c; oz., 40c; ¼ lb., \$1.50; lb., \$5.00; 5 lbs., \$23.00, postpaid.

ENDIVE

A mighty fine salad crop for your garden.

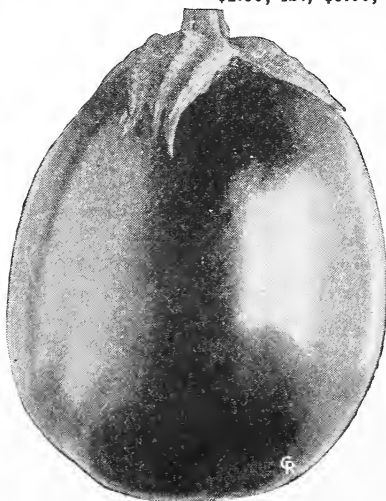

Large Green Curled—(Red Ribbed) No. 249

A hardy, vigorous growing endive with bright deep green leaves. The midribs of the outer leaves are usually tinged with rose. Highly esteemed for market and home garden use.

Broad Leaved Bavarian—(Escarol) No. 250

A variety having broad, bright green leaves with thick, nearly white midribs.

Prices on above: Pkt., 10c; oz., 15c; ¼ lb., 50c; lb., \$1.50; 5 lbs., \$6.25, postpaid.

New Orleans Market

Reuter's Lettuce Seed

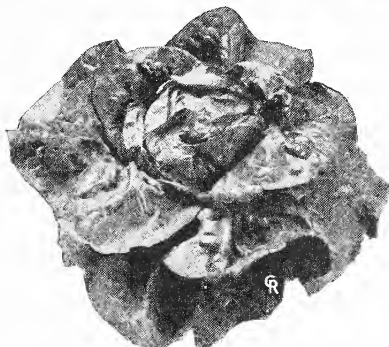

Peerless Big Boston No. 316—This is the best head-
ing variety in cultivation and its qualities are so well and so
generally known that an extensive description is unnecessary.
It is a splendid shipper, hardy and thoroughly reliable. The
heads are large and solid. Its purity, hardness of head and
slowness to go to seed are characteristics that cannot escape
the notice of practical gardeners.

Prices: Pkt., 10c; oz., 20c; $\frac{1}{4}$ lb., 50c; lb., \$1.50; 5 lbs.,
\$7.00, postpaid. Not prepaid, 10-lb. lots or over, at
\$1.25 per lb.

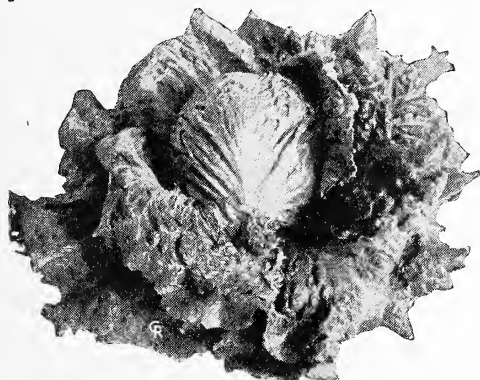

Mammoth Big Boston Lettuce No.

319—The King of all lettuces. A perfected strain of the
Big Boston type that is far superior to any other
variety whether sown for market purposes, for shipping trade
or for the home garden. It is a certain header, slightly larger
in its growth than the Big Boston, but otherwise identical in its
characteristics. It is slow to run to seed, is not easily affected
by hot weather, absolutely free from bitterness and matures a
solid head of crisp, tender, delicious lettuce.

Prices: Pkt., 10c; oz., 20c; $\frac{1}{4}$ lb., 60c; lb., \$2.00; 5 lbs.,
\$8.75, postpaid. Not prepaid, 10-lb. lots or over, at \$1.50
per lb.

Mammoth Big Boston

New York or Los Angeles Market

\$2.50; 5 lbs., \$11.25, postpaid. Not prepaid, 10-lb. lots or over, at \$2.00 per lb.

MUSTARD—Giant Southern Curled Mustard No. 341—

Our stock of this well known variety produces large, light green leaves, with a tinge of yellow, much crimped
and frilled at edges. The plant is upright or slightly spreading, in growth. Recommended for both home
gardens and for market on account of its vigorous growth, hardness and good quality.

Prices: Pkt., 5c; oz., 10c; $\frac{1}{4}$ lb., 25c; lb., 75c; 5 lbs., \$3.00, postpaid. Not prepaid, 10-lb. lots
or over, at 50c per lb.; 25-lb. lots or over, at 45c per lb.

Chinese Mustard No. 342—A distinct vari-
ety of much
larger growth than the Southern Curled and remains in
condition for use a long time. The plant is of very quick growth
which insures tenderness and freedom from bitterness.

Prices: Pkt., 5c; oz., 10c; $\frac{1}{4}$ lb., 25c; lb., 75c; 5 lbs.,
\$3.00, postpaid. Not prepaid, 10-lb. lots or over, at 50c
per lb.

Florida Broad Leaf No. 343—This new
variety is
quite distinct from the Large Smooth or the Chinese Broad
Leaf in that the plants are larger and taller growing and remain
in condition for use much longer without bolting to seed. The
leaves are large, comparatively smooth and have a distinct
broad mid-rib.

Prices: Pkt., 10c; oz., 15c; $\frac{1}{4}$ lb., 40c; lb., \$1.25, post-
paid.

Fordhook Fancy Mustard No. 344—

The handsomest of all mustards. Rich dark green leaves, of
excellent quality, vigorous in growth and withstands hot
weather. Sometimes call Ostrich Plume.

Prices: Pkt., 5c; oz., 10c; $\frac{1}{4}$ lb., 25c; lb., 75c; 5 lbs.,
\$3.00, postpaid. Not prepaid, 10-lb. lots or over, at 50c
per lb.

New York or Los Angeles No.

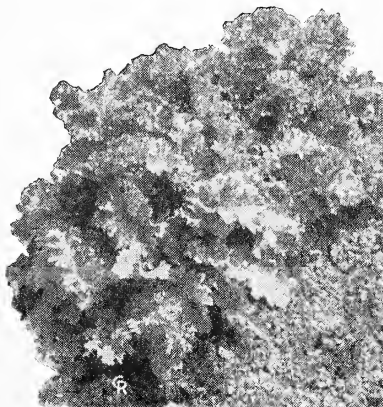

318—(The standard head lettuce grown so
largely in California and misnamed by the
produce trade as Iceberg.) Produces immense
heads as solid as a cabbage, often 15 to 16 inches
across. The interior is beautifully blanched,
creamy-white, crisp, delicious and very tender. It is
a very strong, robust growing variety, resists both
hot and dry weather, and is slow to run to seed.

Prices: Pkt., 10c; oz., 25c; $\frac{1}{4}$ lb., 75c; lb.,
\$2.50; 5 lbs., \$11.25, postpaid. Not prepaid, 10-
lb. lots or over, at \$2.00 per lb.; 25-lb. lots or
over, at \$1.75 per lb.

ROMAINE COS OR CELERY LETTUCE—Paris White Cos

No. 321—This excellent variety forms a large
light green plant with a well folded
head of very good quality. The midribs are white
and very prominent. The inner leaves are nearly
white, slightly tinged with green and are decidedly
firm and sweet.

Prices: Pkt., 10c; oz., 25c; $\frac{1}{4}$ lb., 75c; lb.,
\$2.50; 5 lbs., \$11.25, postpaid. Not prepaid, 10-
lb. lots or over, at \$2.00 per lb.

Giant Curled Mustard

Reuter's Watermelon Seed

Reuter's Stone Mountain Watermelon No. 619 — It is an outstanding variety among the round watermelons. It is very sweet, grows very large and is almost round or square-shaped. It is a rich, dark green in color, has a medium rind, and the flesh is an attractive deep red. Good, rich melon soil will produce crops averaging 40 to 80 pounds to the melon and the weight, shape and general attractiveness of the melons will induce highly profitable prices in all markets where round melons are preferred. It has not yet been sufficiently proven out as a long-distance shipper and perhaps never will be, but its qualities as a local market profit-maker are worth any growers attention.

Prices: Pkt., 10c; oz., 20c; $\frac{1}{4}$ lb., 65c; lb., \$2.00; 5 lbs., \$8.75, postpaid. Not prepaid, 10-lb lots or over, at \$1.50 per lb.; 25 lb. lots or over, at \$1.25 per lb.

Wondermelon No. 607 — In good and bad seasons, since 1918, when I first brought out this melon, the Wondermelon has surpassed every other sort where comparisons were made. It possesses a flavor that is not approached by any other variety; so much so that people will come back to retailers and ask for it by name. Its rind is thin, but tough, and it will stand safe shipment for reasonable distances. Its flesh is a rich red and full of flavor right up to the rind, without any hollow. The seeds are large and white and relatively few to the melon. It is large and long, resembling the Tom Watson, but thicker. The color is dark, solid green, a most attractive article. Anyone who plants watermelons, for any purpose, should plant Reuter's Wondermelon.

Prices: For Reuter's Original Wondermelon Seed Pkt., 10c; oz., 20c; $\frac{1}{4}$ lb., 50c; lb., \$1.50; 5 lbs., \$7.00, postpaid. Not prepaid, 10-lb. lots or over, at \$1.25 per lb.

Reuter's Radio Watermelon No. 618 — Is long and thick in shape, measuring from 26 to 28 inches long by 15 to 18 inches in diameter. The rind is a dark green, indistinctly striped with mingled lighter green. The young melons will show distinct stripes but as they develop and ripen the stripe practically fades away, leaving a glossy green color. The rind is medium thick, just enough to insure long keeping and rough usage during shipping. It is practically impossible to penetrate it under ordinary conditions and it is woven together, like leather, that it is hard to pull apart or break even after it is fully ripe. It will stand rough handling and will not easily decay. The meat is red and sweet, entirely free from hard centers or stringy flesh, and will slice half an inch thick and not break when fully ripe. It grows remarkably large and is very prolific. It will ship in first-class condition to the most distant markets and will sell on sight. The seed cavity is small and the seed large. Judging from fields inspected the Radio will produce in a favorable season, a carload of 40-pound melons to the acre and every melon a good one. It will sell just as readily as a local market melon and yet always make good in the distant markets.

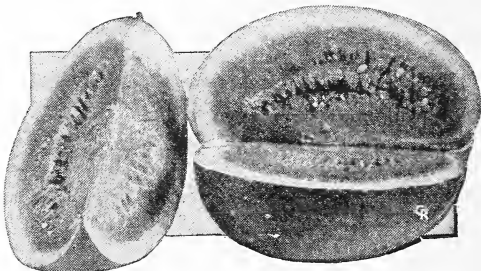

Prices: Pkt., 10c; oz., 20c; $\frac{1}{4}$ lb., 50c; lb., \$1.50; 5 lbs., \$7.00, postpaid. Not prepaid, 10-lb. lots or over, at \$1.25 per lb.

Reuter's New Schochler Watermelon No. 617 — It is a long, thick, melon. Its size is its great feature, carload after carload averaging 46 to 48 pounds and market trucks averaging 70 to 85 pounds to the melon. Its meat is a dark red, fine grained, with no white parts. The melon is a rich dark green, with a faint, practically invisible stripe. While not a prolific melon, in the usual sense of the word, having about only four melons to the vine, the total product of a single vine, because of the uniformly immense size of the melons, more than offsets this lack. It is a remarkable drouth resister and never fails to produce a second crop from the same hills, these second crop melons averaging from 25 to 35 pounds each.

Prices: Pkt., 15c; oz., 25c; $\frac{1}{4}$ lb., 75c; lb., \$2.50; 5 lbs., \$11.25, postpaid.

Reuter's New Perfection Watermelon No. 615 — Belongs to the large type of melons and will grow to sizes of 50 pounds to 75 pounds. It is oval or oblong in shape. The rind is a dark, glossy green in color, thin, but very tough and resistant to knocks and pressure; no ordinary fist can burst it and a two hundred pound man can stand on and jump off one of these melons and not crush the rind. This tough, impervious rind will keep the flesh good and fresh for a week or ten days after it ripens and a full grown melon can be put up and kept to January of the next year. Ripens about the average date of most melons, not a real early variety, yet not a late variety. The meat or flesh of this splendid commercial variety is of a dark red color, very sweet and free from fibre or strings. The seeds are large, white in color with black tips and many seeds have black blotches on the sides to full black sides with only white rim. It is an ideal melon for both home and market purposes.

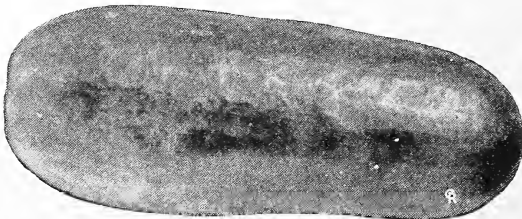

Prices: Pkt., 10c; oz., 15c; $\frac{1}{4}$ lb., 40c; lb., \$1.25; 5 lbs., \$5.50, postpaid. Not prepaid, 10-lb. lots or over, at \$1.00 per lb.

Stone Mountain

Reuter's Wondermelon

Schochler Watermelon

Reuter's Watermelon Seed

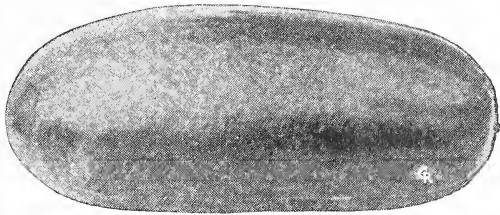

Reuter's Extra Selected Tom Watson Watermelon No. 601 —

This is a special unwashed stock seed produced from extra selected, superior melons that are grown in isolated sections. Every melon with the slightest defect, whether it be off-color, unripe heart, is cast aside and only the choicest, hand selected seed is permitted in this lot. No melon weighing less than 30 to 40 pounds is cut and the seed is cleaned by a process that does not permit it to come in contact with water. This insures the highest germination. Naturally, the supply of this particular grade of seed is limited and it is offered only to those critical growers who seek, and are willing to pay for, an unusual product.

Prices: Pkt., 10c; oz., 15c; $\frac{1}{4}$ lb., 40c; lb., \$1.25; 5 lbs., \$5.50, postpaid. Not prepaid, 10-lb. lots or over, at \$1.00 per lb.

Thurmond Gray No. 616 —

It is a good producer, stands wet weather well, and so far has not been subject to the diseases that have damaged other melons. Is long and thick. The rind is of rich, greenish gray color, which makes it very hard to sunburn. It is wilt-resistant. It is very uniform in its growth, being the same size at each end and makes the most perfect car pack of any of the varieties. It will weight from 25 to 75 pounds. It has every quality necessary for perfect shipping on long or short hauls which is a sure guarantee of a profitable price.

Radio Watermelon

Prices: Pkt., 10c; oz., 15c; $\frac{1}{4}$ lb., 40c; lb., \$1.25; 5 lbs., \$5.50, postpaid. Not prepaid, 10-lb lots or over, at \$1.00 per lb.; 25-lb. lots or over, at 90c per lb.

Genuine Rattlesnake Watermelon No. 606 —

One of the largest and best known shipping and home garden sorts. The fruits are very long, of a light green color, distinctly striped and blotched with a darker shade. The flesh is bright scarlet, tender and sweet. Has thin but tough rind.

Prices: Pkt., 10c; oz., 15c; $\frac{1}{4}$ lb., 40c; lb., \$1.25; 5 lbs., \$5.50, postpaid. Not prepaid, 10-lb. lots or over, at \$1.00 per lb.

Halbert Honey No. 610 —

Often called the sweetest of all melons. In quality, Halbert's Honey is simply wonderful, and of a rich fruity flavor, peculiar to itself. Entirely devoid of all fibrous substances, the sweet flesh melts away in your mouth like so much honey, even after the largest bite of "heart". This is surely a sweet melon, and its delicious crimson red flesh extends nearly to the skin, the rind being very thin and brittle. The melon is long in shape and blunt at each end, and the dark green skin makes it very attractive. The hardy vines are remarkably prolific. The crop covers the ground, and it is not uncommon to see four or five melons growing in a heap together, one on top of the other. It is quite early, a good feature for the commercial grower. The flesh is tender and luscious, extra sweet. The rind is not tough or thick enough for long distance shipping, but this is a prime favorite for local markets and home use. In good soil, will yield melons weighing 50 to 75 pounds.

Prices: Pkt., 10c; oz., 15c; $\frac{1}{4}$ lb., 40c; lb., \$1.25; 5 lbs., \$5.50, postpaid. Not prepaid, 10-lb lots or over, at \$1.00 per lb.; 25 lb. lots or over, at 90c per lb.

Florida Favorite No. 612 —

Here is an unsurpassed, extra-early, good sized splendid quality melon—just the right kind for home use or nearby markets. The rind is rather tough, making it a fair shipper. It is a long, beautifully shaped melon of dark green color, irregularly striped with lighter green; very early and a big yielder. Flesh is bright crimson and red right to the rind. The flavor is delicious and melting. Ripens large, handsome melons in about 80 days. My superlative strain of this hard-to-beat melon is without an equal in the entire South. I offer my stock to you this year with every assurance that it will more than satisfy.

Prices: Pkt., 10c; oz., 15c; $\frac{1}{4}$ lb., 35c; lb., \$1.00; 5 lbs., \$4.50, postpaid. Not prepaid, 10-lb. lots or over at 75c per lb.

Kleckley's Sweet No. 613 —

This most excellent variety is unsurpassed for home use or near markets. The vines are vigorous and productive. The fruits are medium to large, oblong, tapering slightly towards the stem end, dark green. The flesh is very bright, rich red and is exceedingly sweet. The variety is so crisp and tender that it will not stand shipping. Extra selected seed only.

Prices: Pkt., 10c; oz., 15c; $\frac{1}{4}$ lb., 35c; lb., \$1.00; 5 lbs., \$4.50, postpaid. Not prepaid, 10-lb. lots or over, at 75c per lb.; 25-lb. lots or over, at 60c per lb.

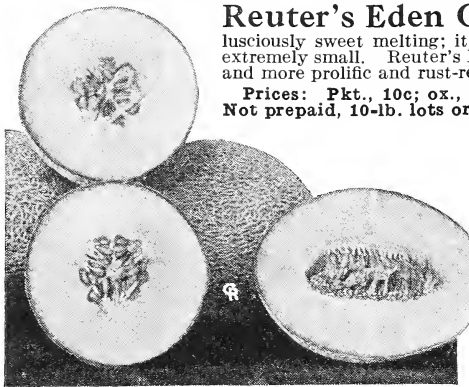

Reuter's Extra Selected Tom Watson

Reuter's Cantaloupe Seed

Reuter's Honey Ball Melon No. 128—A cross between the Texas Cannon Ball Melon. It is harder than the Honey Dew, more prolific, averages about five inches in diameter and is round instead of oval. It has the succulent flavor of the Honey Dew and the sweetness of the Cannon Ball. The green meat is similar in texture to the Honey Dew, about 1½ inches thick, and covered by a smooth, thin rind, fairly well netted.

Prices: Pkt., 10c; oz., 30c; ¼ lb., 90c; lb., \$3.00; 5 lbs., \$14.00, postpaid. Not prepaid, 10-lb. lots or over, at \$2.50 per lb.

Pollock 10-25 Cantaloupe

heavily netted with no trace of ribs, and the vines are rust-resistant. It is fairly early and its long distance shipping qualities are surpassed by no other melon.

Re-selected Stock. Prices: Pkt., 10c; oz., 20c; ¼ lb., 50c; lb., \$1.50; 5 lbs., \$7.00, postpaid. Not prepaid, 10-lb. lots or over, at \$1.25 per lb.

Banana No. 107—This melon has a banana shape, banana flavor, banana color and banana quality. Resembles the banana in many respects, only that it is very much larger, growing from 18 to 30 inches long and from 4 to 6 inches in diameter. Everybody who is fond of bananas will take pleasure in growing this sort.

Prices: Pkt., 10c; oz., 20c; ¼ lb., 50c; lb., \$1.50, postpaid.

Reuter's Wonder Cantaloupe No. 127—Originated in Greeley, Colorado. It's a big, almost round melon, usually heavily netted. Melons weigh from 4 to 6 pounds, but good growers pick them up to 8 to 10 pounds, and even 12 to 14 pounds. The flesh is salmon colored and exceedingly sweet and luscious. It is an extra early sort, coming in ahead of the well-known Rockyford types. It is not tough enough to be a long distance shipper. It keeps a few days in good shape but must be handled with care.

Prices: Pkt., 10c; oz., 20c; ¼ lb., 50c; lb., \$1.50, postpaid.

CASABA MELONS—Plant according to your locality from February 15th until July 15th; for late shipping, from June 1st to July 15th. Cultivate the same as muskmelons. The fruits may be picked when they lose the green lustre, but should not be eaten until the hard rind gives slightly under pressure. When slightly soft, store the fruits so they do not touch each other, in a cool, dark place.

Honey Dew No. 115—A wonderful Casaba, sold at fabulous prices in all markets. It is perfectly adapted to the South, and has been successfully grown in all the Southern States. The average size of the melon is 6 inches in diameter from top to bottom and 7 to 8 inches long. The flesh is an emerald green, very thick, melting and fine grained; can be eaten to the extreme rind. The seed cavity is very small; the rind, though thin, is very tough and so close that the excellent flesh is practically sealed up where it keeps in fine condition for several weeks after they are ripe.

Prices: Pkt., 10c; oz., 20c; ¼ lb., 65c; lb., \$2.00; 5 lbs., \$8.75, postpaid. Not prepaid, 10-lb. lots or over, at \$1.50 per lb.

Reuter's Golden Honey Dew Melon No. 126—A new orange fleshed Honey Dew Melon that everybody will want. Golden Honey Dew is a sport from the Honey Dew listed above. Instead of green flesh like its parent, it has rich golden-yellow flesh. The fruits are a little more oblong than round, about 6 inches in diameter and 7 to 8 inches long, weighing 8 to 10 pounds each. It ripens in about 100 days.

Prices: Pkt., 10c; oz., 20c; ¼ lb., 65c; lb., \$2.00, postpaid.

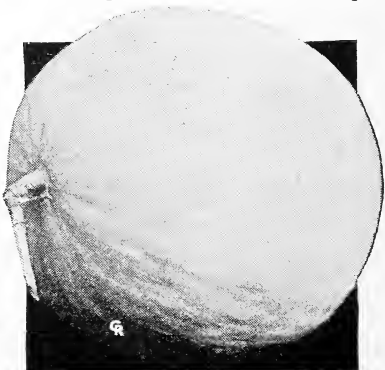

Reuter's Eden Gem Cantaloupe No. 109—The flesh is green, lusciously sweet melting; it can be eaten close to the rind. The seed cavity is extremely small. Reuter's Eden Gem is one of the best early strains of Rockyford and more prolific and rust-resistant than nearly any other variety.

Prices: Pkt., 10c; oz., 20c; ¼ lb., 50c; lb., \$1.50; 5 lbs., \$7.00, postpaid. Not prepaid, 10-lb. lots or over, at \$1.25 per lb.

Reuter's Gold Lined Rockyford No. 112—A splendid type of the green fleshed Rockyford. This melon, however, has a gold lining next to the seed cavity making it unusually attractive when cut. It is medium early in maturing, but for a main crop variety it is unexcelled. The flesh is very thick, sweet and spicy, while the shape is round with a complete covering of netting and no ribs.

Prices: Pkt., 10c; oz., 20c; ¼ lb., 50c; lb., \$1.50; 5 lbs., \$7.00, postpaid. Not prepaid, 10-lb. lots or over, at \$1.25 per lb.

Pollock 10-25 No. 119 (Salmon Fleshed)—A pink meated cantaloupe. The fruits are extremely uniform, early and its long distance

Honey Dew Casaba Melon

New Crop Onion Seed

Yellow Bermuda No. 365—The standard variety in Southwest Texas. A light straw-colored onion. Each year the sales of Reuter's Yellow or White Bermuda Onion Seed have increased heavily in the greatest onion sections of the South, and a large majority of the growers will plant no other kind. Our stock ripens early, is one of the best color, and the heaviest yielder.

Prices: Pkt., 10c; ½ oz., 20c; oz., 40c; ¼ lb., \$1.25; lb., \$4.00; 5 lbs., \$18.00, postpaid. Not prepaid, 10-lb. lots or over, at \$3.25 per lb.

Crystal White Wax Bermuda No. 366—The most attractive onion in the world. It is absolutely pure white and of the finest flavor and quality.

Prices: Pkt., 10c; ½ oz., 20c; oz., 40c; ¼ lb., \$2.00; lb., \$7.00; 5 lbs., \$33.00, postpaid. Not prepaid, 10-lb. lots or over, at \$6.00 per lb.

Red Bermuda No. 367—Planted throughout the South for home use principally. It is identical in size and shape with the other varieties, but not as salable.

Prices: Pkt., 10c; ½ oz., 20c; oz., 35c; ¼ lb., \$1.00; lb., \$3.50; 5 lbs., \$16.00, postpaid. Not prepaid, 10-lb. lots or over, at \$3.00 per lb.

Australian Brown No. 368—Splendid extra early sort; roundish in form. Color of skin amber brown. Flesh white and firm.

Prices: Pkt., 10c; oz., 25c; ¼ lb., 75c; lb., \$2.50; 5 lbs., \$12.00, postpaid. Not prepaid, 10-lb. lots or over, at \$2.25 per lb.

Large Red Weathersfield No. 369—Very popular onion. Color deep purplish red; flesh white, moderately grained and very firm.

Prices: Pkt., 10c; oz., 25c; ¼ lb., 75c; lb., \$2.50; 5 lbs., \$12.00, postpaid. Not prepaid, 10-lb. lots or over, at \$2.25 per lb.

Red Creole No. 371—The greatest of all red onions for the South. It is the best keeper, best producer, both in yield and money. It is a distinct variety that has been cultivated in this section for more than fifty years. This variety constitutes one of the most important crops in Louisiana, and thousands of acres of land are planted in this particular variety every year. The skin is brownish red, flesh very solid and fine grained and rather strong flavored.

Prices: Pkt., 10c; oz., 25c; ¼ lb., 75c; lb., \$2.50; 5 lbs., \$12.00, postpaid. Not prepaid, 10-lb. lots or over, at \$2.25 per lb.

Prizetaker No. 364—

Large, globe shaped, light yellow skin. Flesh of mild flavor. It is a very heavy cropper, and good keeper. Bulbs often measuring 12 to 18 inches in circumference.

Prices: Pkt., 10c; oz., 25c; ¼ lb., 75c; lb., \$2.50; 5 lbs., \$12.00, postpaid. Not prepaid, 10-lb. lots or over, at \$2.25 per lb.

Yellow Globe Danvers No. 370—The skin is light coppery yellow in color. Flesh creamy white.

Prices: Pkt., 10c; oz., 25c; ¼ lb., 75c; lb., \$2.50; 5 lbs., \$12.00, postpaid. Not prepaid, 10-lb. lots or over, at \$2.25 per lb.

ONION SETS—These are largely planted in home gardens for green onions. Quite a few people prefer the small, tender young green onions for eating raw. We sell all onion sets 32 pounds to the bushel. Sets should be planted as early in the spring as the ground can be worked. Set the onions in the ground lightly (do not cover) in shallow furrows, 12 to 18 inches apart, and about 2 inches apart in the row. Young onions can be had in 5 to 7 weeks. One pound of sets will plant a row about 50 feet long; use 8 to 10 bushels to the acre.

Australian Brown Onion Sets—These small selected onion sets will produce long keeping onions.

Prices: Lb., 35c; 3 lbs., 90c, postpaid. Not prepaid, peck (8 lbs.), \$1.25; bu. (32 lbs.), \$4.50.

Red Onion Sets—Very hardy, good best red onions for all purposes.

Prices: Lb., 35c; 3 lbs., 90c, postpaid. Not prepaid, peck (8 lbs.), \$1.25; bu. (32 lbs.), \$4.00.

Yellow Danvers Sets—Make medium sized, globe shaped yellow onions, fully described above. A good yellow variety.

Prices: Lb., 35c; 3 lbs., 90c, postpaid. Not prepaid, peck (8 lbs.), \$1.25; bu. (32 lbs.), \$4.00.

White Onion Sets—Sets from White Skin seed. Make large silvery white onions of the finest quality when mature. Be sure to plant a few this spring.

Prices: Lb., 35c; 3 lbs., 90c, postpaid. Not prepaid, peck (8 lbs.), \$1.40; bu. (32 lbs.), \$5.00.

LEEKs—Leeks are like "thick-neck" onions, except that the leaves are arranged in a single plane, which gives the plant a fanlike appearance. Sow during September and October for winter use. One ounce to 250 feet of drill; 3 to 4 pounds to an acre. The stems grow quite large and are cut up and used in soups, or else boiled like onions.

London Flag No. 330—A very hardy variety, quite popular with our market gardeners. A strong, quick grower, producing stems of uniform shape and size.

Prices: Pkt., 10c; oz., 25c; ¼ lb., 75c; lb., \$2.50, postpaid.

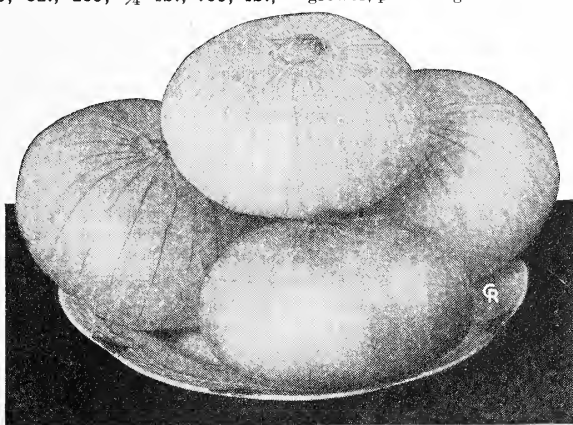

Carentan No. 331—

A variety that is much larger than the above and more desirable for home use.

Prices: Pkt., 10c; oz., 25c; ¼ lb., 75c; lb., \$2.50, postpaid.

ONION PLANTS—

Varieties and prices will be found on page 24.

Crystal White Wax Onion

Okra and Pumpkin Seeds

OKRA—French Market No. 352—The standard dwarf variety grown in Louisiana. Splendid for shipping or home use, and also largely cultivated for canning purposes.

Prices: Pkt., 5c; oz., 10c; $\frac{1}{4}$ lb., 25c; lb., 75c; 5 lbs., \$3.00, postpaid. Not prepaid, 10-lb. lots or over, at 50c per lb.; 25-lb. lots or over, at 40c per lb.

White Velvet No. 353—A variety producing long, round, smooth pods. Plant is of tall growth.

Prices: Pkt., 5c; oz., 10c; $\frac{1}{4}$ lb., 25c; lb., 75c; 5 lbs., \$3.00, postpaid. Not prepaid, 10-lb. lots or over, at 50c per lb.; 25-lb. lots or over, at 40c per lb.

Perkins Mammoth Long Podded Okra

No. 354—This is a distinct variety and is largely cultivated in the South, principally in Florida and Texas for shipping purposes. Very productive, pods starting to shoot out within 3 or 4 inches from the bottom of the stalk.

Prices: Pkt., 5c; oz., 10c; $\frac{1}{4}$ lb., 25c; lb., 75c; 5 lbs., \$3.00, postpaid. Not prepaid, 10-lb. lots or over, at 50c per lb.; 25-lb. lots or over, at 40c per lb.

PARSLEY—Culture—Can be grown either in the spring or fall, preferably during the early fall, but makes a mighty good crop when planted early in the spring.

Double Curled No. 381—This is the variety so largely cultivated by our local gardeners.

Prices: Pkt., 5c; oz., 10c; $\frac{1}{4}$ lb., 25c; lb., 75c; 5 lbs., \$3.50, postpaid. Not prepaid, 10-lb. lots or over, at 60c per lb.

Plain Leaved No. 382—Grown extensively by our gardeners also. This is the hardest variety in cultivation and is planted nearly every month in the year by the truckers here. Stronger in flavor than other sorts.

Prices: Pkt., 5c; oz., 10c; $\frac{1}{4}$ lb., 25c; lb., 75c; 5 lbs., \$3.50, postpaid. Not prepaid, 10-lb. lots or over, at 60c per lb.

PARSNIPS—Culture—Sow early in the spring in rows 18 inches apart. Plant any time from January to April for Spring and Summer crop in this latitude. In Florida and Gulf Coast sections sow from September to December for winter and spring crop. One ounce of seed to 200 feet of row; 3 to 4 pounds to the acre.

Improved Hollow Crown No. 392—This is the best variety to plant. It is easily distinguished by the leaves growing from the depression on top or crown of the root.

Prices: Pkt., 5c; oz., 10c; $\frac{1}{4}$ lb., 30c; lb., \$1.00, postpaid.

REUTER'S CHOICE PUMPKIN SEED

Genuine Green Striped Cashaw No. 445—This is the grandest and finest pumpkin for the man who lives in the South. Fruits are large, with crooked neck. Color creamy white, irregularly striped or traced with green. Flesh light yellow, very thick, rather coarse, but sweet. Very hardy and vigorous, bugs seldom bothering them. Can be grown among corn and makes heavy yields. Fine for either stock or table purposes.

Prices: Pkt., 10c; oz., 20c; $\frac{1}{4}$ lb., 50c; lb., \$1.50; 5 lbs., \$7.00, postpaid. Not prepaid, 10-lb. lots or over, at \$1.25 per lb.

Mammoth King No. 446—Also called the Big Jumbo. It is surely a grand, big variety, often measuring 2 feet in diameter and frequently weighing as much as 200 pounds. The skin is salmon-orange color, the flesh is thick, bright yellow and fine grained, and of good quality. Notwithstanding its enormous size, it is one of the best pumpkins for table use. A splendid keeper and exceptionally valuable for feeding stock.

Prices: Pkt., 10c; oz., 20c; $\frac{1}{4}$ lb., 50c; lb., \$1.50; 5 lbs., \$7.00, postpaid. Not prepaid, 10-lb. lots or over, at \$1.25 per lb.

Sweet or Sugar No. 447—

It is a small pumpkin, being about 10 inch diameter. It has deep orange yellow skin and fine grained flesh. It is very prolific and in every way desirable. The average weight is about 5 pounds. This is the variety the famous pumpkin pies are made of.

Prices: Pkt., 5c; oz., 15c; $\frac{1}{4}$ lb., 40c; lb., \$1.25; 5 lbs., \$5.50, postpaid. Not prepaid, 10-lb. lots or over, at \$1.00 per lb.

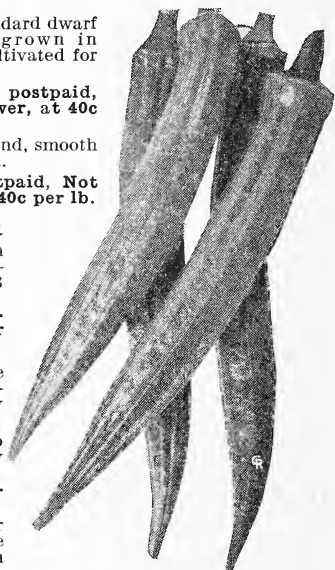

Large Cheese or Field No. 449—

A large, round, flattened pumpkin. Very productive. Skin buff color; flesh yellow. The most popular for field or market use.

Prices: Pkt., 5c; oz., 10c; $\frac{1}{4}$ lb., 25c; lb., 75c; 5 lbs., \$3.50, postpaid. Not prepaid, 10-lb. lots or over, at 60c per lb.

Genuine Green Striped Cashaw

Perkins Mammoth Long Podded Okra

Reuter's Garden Peas

Gradus Peas

World's Record No. 420—Deserves great popularity because it is the earliest of all the large-podded sorts, and the peas will keep in fine condition an unusually long time after they are picked. It is really an improved type of the favored Gradus, but is earlier, more dwarf, true to type, and very productive. In average height it is about 2 feet, with the vines moderately stout, medium green, pods are medium green fully 4 to 5 inches long, fairly broad, pointed and well filled with seven to nine very large dark green peas of fine quality.

Dwarf Telephone No. 415—This is a healthy stock grower and very productive. Requires no stakes. Prices on above: Pkt. (3 full ounces), 10c; ½ lb., 25c; lb., 45c; 2 lbs., 80c; 5 lbs., \$1.75, postpaid. Not prepaid, peck (14 lbs.), \$3.25; bu. (56 lbs.), \$12.00; 2 bu. or more, per bu., \$11.00.

Gradus or Prosperity No. 406—Undoubtedly the earliest, largest podded and most popular of the wrinkled varieties.

Improved Telephone No. 419—The best main crop tall pea in cultivation. The large peas are tender and sweet.

Thomas Laxton No. 405—A very early wrinkled variety that is getting more popular every year for market gardeners, and rapidly gaining in favor over the Gradus. Prices on above: Pkt. (3 full ounces), 10c; ½ lb., 25c; lb., 45c; 2 lbs., 80c; 5 lbs., \$1.75, postpaid. Not prepaid, peck (14 lbs.), \$3.00; bu. (56 lbs.), \$11.00; 2 bu. or more, per bu., \$10.00.

Peerless Extra Early No. 402—Where earliness, productiveness and large pods together with sweetness of flavor are desired, this is the best variety you can possibly plant, and may truly be called the World's Unbeatable Extra Early Pea. The vines average 2 to 3 feet in height and the entire crop can be taken off in two pickings.

Alaska No. 404—This is claimed to be the earliest pea in the world. It is surely a real sort and produces a beautiful crop of dark green peas. Seed small and bluish green.

Prolific Early Market No. 408—Many single plants yield 40 to 50 fully developed peas as the result of one seed sown. The quality is the very best and one of the sweetest and finest flavored of the earliest smooth varieties. Vines about 30 inches in height. Prices on above: Pkt. (3 full ounces), 10c; ½ lb., 20c; lb., 40c; 2 lbs., 70c; 5 lbs., \$1.65, postpaid. Not prepaid, peck (15 lbs.), \$2.65; bu. (60 lbs.), \$9.50; 2 bu. or more, per bu., \$9.00.

Laxtonian No. 413—This is the largest podded of all the early varieties, the dark green pods are similar to Gradus in shape and splendid quality, or as large in size and often mature a little earlier. Vines are vigorous and productive, averaging 15 to 18 inches high. Prices: Pkt. (3 full ounces), 10c; ½ lb., 25c; lb., 45c; 2 lbs., 80c; 5 lbs., \$1.75, postpaid. Not prepaid, peck (14 lbs.), \$3.25; bu. (56 lbs.), \$12.00; 2 bu. or more, per bu., \$11.00.

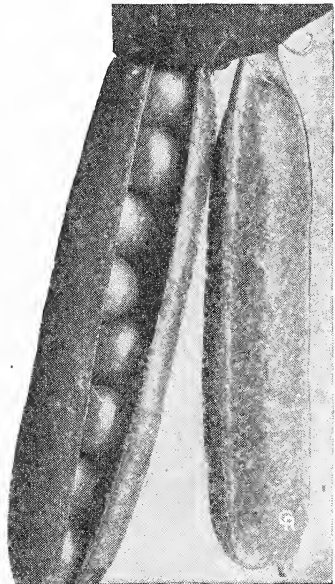

Black Eye Marrowfat No. 417—A tall growing variety that stands weather conditions better than most sorts, and largely planted for a winter crop. Prices: Pkt. (3 full ounces), 10c; ½ lb., 20c; lb., 35c; 2 lbs., 65c; 5 lbs., \$1.50, postpaid. Not prepaid, peck (15 lbs.), \$2.50; bu. (60 lbs.), \$9.00; 2 bu. or more, per bu., \$8.00.

Mammoth Melting Sugar No. 416—(Luscious)—This wonderful new sugar pea bears pods much larger than any other variety, often 6 or 7 inches long and 1 ½ inches broad. They should not be shelled, but the peas and pods eaten together, as they contain so much sugar, starch and gluten. Prices: Pkt. (3 full ounces), 10c; ½ lb., 20c; lb., 40c; 2 lbs., 70c; 5 lbs., \$1.60, postpaid. Not prepaid, 10-lb. lots or over, at 25c per lb.

TOBACCO SEED

Improved White Burley No. 534—Our strain is grown on the famous limestone fields of Tennessee. Only the choicest plants are set in the seed plots and special care and cultivation insures well-matured seed of highest vitality. Prices: Pkt., 10c; ½ oz., 20c; oz., 35c; ¼ lb., \$1.00; lb., \$3.50, postpaid.

Big Havana No. 535—Heavy cropper; one of the earliest. Prices: Pkt., 10c; ½ oz., 25c; oz., 45c; ¼ lb., \$1.50; lb., \$5.50, postpaid.

Thomas Laxton

Choice Pepper Seed

Royal King No. 427—A wonderful pepper for commercial truckers who ship to Northern markets. It is very prolific; fruit of brilliant color, very glossy, of large size; the flesh is very thick and mild. The flavor is exceedingly mild can be eaten raw; when stuffed and cooked it has no equal. For shipping purposes it will eventually become the standard with the commercial trucker in the South. **Prices:** Pkt., 10c; ½ oz., 20c; oz., 35c; ¼ lb., \$1.25; lb., \$4.50, 5 lbs., \$21.25, postpaid. Not prepaid, 10-lb. lots or over, at \$4.00 per lb.

World Beater No. 437—This large and mild pepper, a cross between the Chinese Giant and Ruby King, is shaped similar to the Ruby King, except it is broader at the pointed end and almost the size of the Chinese Giant. It may be sliced and eaten raw without fear of burning. Flesh thick and sweet, very productive, matures in about 130 days. **Prices:** Pkt., 10c; ½ oz., 20c; oz., 35c; ¼ lb., \$1.25; lb., \$4.50; 5 lbs., \$21.25, postpaid. Not prepaid, 10-lb. lots or over, at \$4.00 per lb.

New Pimiento No. 430—The fruits of this variety are exceptionally smooth and glossy, of good size, medium length and attractive color. The flesh is very thick and solid, mild and of very fine flavor. Desirable for not only salads and stuffed peppers, but it is also the sort so largely used by canners. It is so smooth and uniform in shape that the skin can be easily slipped off after burning over a hot fire a few seconds, or by boiling a few minutes. **Prices:** Pkt., 10c; oz., 30c; ¼ lb., \$1.00; lb., \$3.50, postpaid.

Ruby Giant No. 436—It is a very attractive pepper, grows to a large size, is very mild, and when ripe, is of a bright scarlet color. Flesh exceedingly sweet, and mild enough to eat raw. It matures early; the plant is vigorous and upright, taller than the Chinese Giant, much more productive and an excellent large sweet pepper for stuffing. **Prices:** Pkt., 10c; ½ oz., 20c; oz., 35c; ¼ lb., \$1.25; lb., \$4.50; 5 lbs., \$21.25, postpaid. Not prepaid, 10-lb. lots or over, at \$4.00 per lb.

Giant Crimson No. 438—Also known as "Ohio Crimson." The fruits of this very desirable sort are of the largest size, ripen earlier than any of the other very large sorts and average heavier, as the flesh is exceptionally thick. The plants are vigorous and upright, about 2½ to 3 feet high, larger than those of Chinese Giant and more productive. The color is deep green when fruit is young, deep crimson when matured. The flavor is mild. **Prices:** Pkt., 10c; ½ oz., 30c; oz., 50c; ¼ lb., \$1.75; lb., \$6.50, postpaid.

Ruby King No. 429—This is the finest strain of the well-known Ruby King in cultivation. It grows 5 to 6 inches long by 3 to 4 inches in diameter; flesh is very thick, sweet and so mild it is often sliced for a salad; also fine for stuffing. The plants are about 2½ feet high, vigorous, compact and productive. Matures large well-shaped peppers in 130 days. **Prices:** Pkt., 10c; ½ oz., 20c; oz., 35c; ¼ lb., \$1.25; lb., \$4.00; 5 lbs., \$18.00, postpaid. Not prepaid, 10-lb. lots or over, at \$3.50 per lb.

Long Red Cayenne No. 431—A well-known medium early variety having a slender twisted and pointed pod about 4 inches long. Color deep green when fruit is young, bright red when ripe. Extremely strong and pungent flesh. **Prices:** Pkt., 10c; oz., 35c; ¼ lb., \$1.25; lb., \$4.00; 5 lbs., \$18.00, postpaid. Not prepaid, 10-lb. lots or over, at \$3.50 per lb.

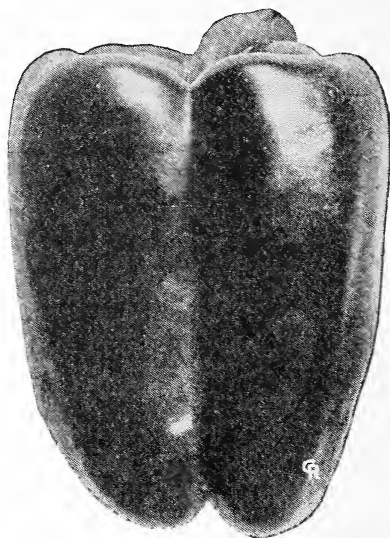

Anaheim Chili No. 434—A thick-meated pepper growing from 8 to 10 inches long. It constitutes a staple crop in many sections of California, and is very popular throughout the Southwest. **Prices:** Pkt., 10c; ½ oz., 25c; oz., 45c; ¼ lb., \$1.50; lb., \$5.00, postpaid.

Bird's Eye Pepper No. 432—Small as the name implies. Very fine in flavor. Can be used fresh or dried. **Prices:** Pkt., 10c; ½ oz., 30c; oz., 60c; ¼ lb., \$2.00; lb., \$7.00, postpaid.

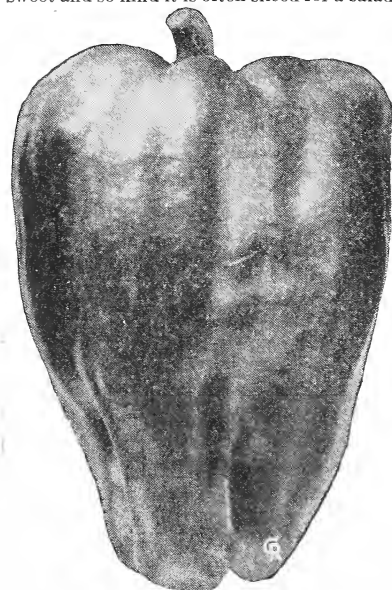

Genuine Tabasco No. 433—This is the variety from which is made the well-known Tabasco Sauce, which has a national reputation for flavoring oysters, soups, meats, etc. The small, bright red peppers are extremely hot and fiery in flavor. Bush 3 feet high. **Prices:** Pkt., 10c; ½ oz., 30c; oz., 60c; ¼ lb., \$2.00; lb., \$7.00, postpaid.

Prices on Irish Potatoes

This catalog is printed too early to give market prices on Seed Potatoes. Customers who are interested in planting dependable seed potatoes should write for prices when ready to purchase. We will handle choice stocks of Irish Cobbler, White Star and Certified Bliss Red Triumph varieties and can take excellent care of your orders.

Royal King

World Beater

Reuter's Selected Radish Seed

Early Scarlet Turnip White-Tipped Radish No. 461

The best and quickest Round White-Tipped sort. The skin is of rich scarlet color, tipped white. It is extremely quick to mature, being ready for table in 20 days from time of sowing the seed. It is an invaluable market-gardeners' type.

Prices: Pkt., 5c; oz., 10c; $\frac{1}{4}$ lb., 30c; lb., \$1.00; 5 lbs., \$4.00, postpaid. Not prepaid, 10-lb. lots or over, at 70c per lb.

Long Brightest Scarlet No. 462

One of the brightest and handsomest scarlet radishes. The roots are fit for use in about 25 days and continue in good condition until fully grown.

Prices: Pkt., 5c; oz., 10c; $\frac{1}{4}$ lb., 30c; lb., \$1.00; 5 lbs., \$4.00, postpaid. Not prepaid, 10-lb. lots or over, at 70c per lb.

White Strasburg No. 464—Even when comparatively small this variety is in good condition for use and continues crisp until matured when the roots are 4 to 6 inches long by $1\frac{1}{2}$ to 2 inches in diameter.

Prices: Pkt., 5c; oz., 10c; $\frac{1}{4}$ lb., 30c; lb., \$1.00; 5 lbs., \$4.00, postpaid. Not prepaid, 10-lb. lots or over, at 70c per lb.

Long White Vienna No. 468—Known as Lady Finger in some sections. An early maturing and attractive, long, white, summer radish of most excellent quality. The tops are of medium size. The roots clear white, slender, smooth and average when mature 6 to 7 inches long. The flesh is crisp and tender.

Prices: Pkt., 5c; oz., 10c; $\frac{1}{4}$ lb., 30c; lb., \$1.00; 5 lbs., \$4.00, postpaid. Not prepaid, 10-lb. lots or over, at 70c per lb.

Half Long Scarlet No. 466—The roots of this desirable early variety are of a deep, rich red color and are olive shaped or half long, with a somewhat tapering point.

Prices: Pkt., 5c; oz., 10c; $\frac{1}{4}$ lb., 30c; lb., \$1.00; 5 lbs., \$4.00, postpaid. Not prepaid, 10-lb. lots or over, at 70c per lb.

Early Scarlet Globe No. 469—The roots of this variety are slightly olive-shaped and are a rich, bright scarlet in color. The flesh is white and tender.

Prices: Pkt., 5c; oz., 10c; $\frac{1}{4}$ lb., 30c; lb., \$1.00; 5 lbs., \$4.00, postpaid. Not prepaid, 10-lb. lots or over, at 70c per lb.

French Breakfast No. 470—A quick growing small, olive-shaped radish, about $1\frac{1}{2}$ inches long. The color is beautiful deep rose-scarlet, except a little clear white about the tip.

Prices: Pkt., 5c; oz., 10c; $\frac{1}{4}$ lb., 30c; lb., \$1.00; 5 lbs., \$4.00, postpaid. Not prepaid, 10-lb. lots or over, at 70c per lb.

Improved Chartier No. 471—The roots are rather long, averaging 7 to 8 inches when mature; bright scarlet-rose in color, shading into white at tip.

Prices: Pkt., 5c; oz., 10c; $\frac{1}{4}$ lb., 30c; lb., \$1.00; 5 lbs., \$4.00, postpaid. Not prepaid, 10-lb. lots or over, at 70c per lb.

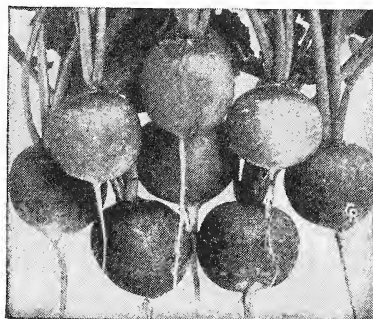

Cincinnati Market Radish No. 463—This is the finest long radish to plant for shipment to Northern markets. The skin is scarlet colored, and very thin; the flesh is crisp, brittle, and of delightful flavor. The roots are slender and before becoming pithy are often 6 to 8 inches long by about $\frac{5}{8}$ of an inch in diameter at the shoulder.

Prices: Pkt., 5c; oz., 10c; $\frac{1}{4}$ lb., 30c; lb., \$1.00; 5 lbs., \$4.00, postpaid. Not prepaid, 10-lb. lots or over, at 70c per lb.

White Vienna

Cincinnati Market

Early Scarlet Turnip White-Tipped

White China No. 465—The roots of this very large white winter sort will grow 9 to 12 inches long, by 3 to 4 inches in diameter.

Prices: Pkt., 5c; oz., 10c; $\frac{1}{4}$ lb., 30c; lb., \$1.00, postpaid.

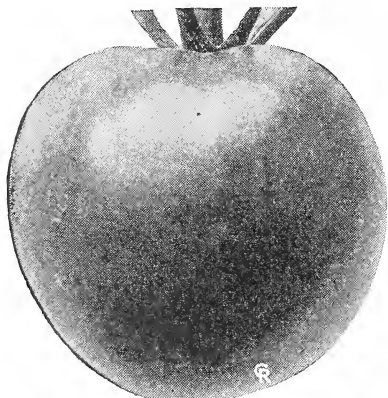

White Icicle No. 467—A very attractive pure white radish, the earliest of the long, white summer sorts and of the most excellent quality. The roots are somewhat shorter, with smaller tops than Long White Vienna and mature a little earlier.

Prices: Pkt., 5c; oz., 10c; $\frac{1}{4}$ lb., 30c; lb., \$1.00; 5 lbs., \$4.00, postpaid. Not prepaid, 10-lb. lots or over, at 70c per lb.

Long Black Spanish No. 472—One of the latest and hardiest long garden radishes, especially adapted for winter use. The roots are long, thick, almost black, somewhat wrinkled. The flesh is white of firm texture, decidedly pungent, but well flavored.

Prices: Pkt., 5c; oz., 10c; $\frac{1}{4}$ lb., 30c; lb., \$1.00, postpaid.

Reuter's Fine Tomato Seed

Livingston Globe

Gulf State Market No. 570—Gulf State Market was developed out of the Early Detroit, and retains the earliness of that variety. The vines are very vigorous and withstand blight exceptionally well. The fruits are large for so early a variety, round or globe shaped, show but little depression about stem and are smooth and free from cracks. Color deep purplish-pink ripening well about the stem. The skin is firm and the flesh is solid. It is also of the most desirable shape for packing. Remember that Gulf State Market is earlier than any other good purple tomato. Mississippi crops of this variety have given wonderful results.

Prices: Pkt., 10c; $\frac{1}{2}$ oz., 25c; oz., 40c; $\frac{1}{4}$ lb., \$1.50; lb., \$5.00; 5 lbs., \$23.75, postpaid. Not prepaid, 10-lb. lots or over, at \$4.50 per lb.

Livingston Globe No. 545—Distinct in shape, firm and blight proof. It is an absolutely globe-shaped variety, ripens very early, color is a glossy red tinted with purple. A leading shipping variety with Florida and Southwest Texas truckers.

Prices: Pkt., 10c; $\frac{1}{2}$ oz., 35c; oz., 60c; $\frac{1}{4}$ lb., \$2.00; lb., \$7.50; 5 lbs., \$35.00, postpaid. Not prepaid, 10-lb. lots or over, at \$6.50 per lb.

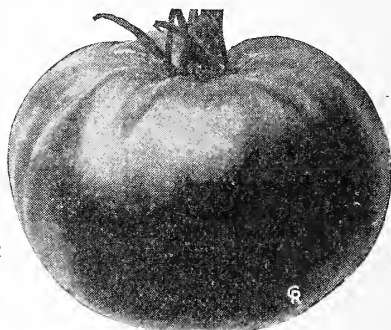

Reuter's June Pink No. 557—In habit of growth, productiveness and size of fruit identical with the Earliana, differing only in having purple fruit; the best extra early purple or pink-fruited sort for commercial truckers. Throughout Southwest Texas our stock is preferred.

Prices: Pkt., 10c; $\frac{1}{2}$ oz., 35c; oz., 60c; $\frac{1}{4}$ lb., \$2.00; lb., \$7.50; 5 lbs., \$35.00, postpaid. Not prepaid, 10-lb. lots or over, at \$6.50 per lb.

Reuter's Redfield Beauty No. 548—

The fruits are grown in clusters of three to five, medium to large, uniform in size, very smooth, and of excellent flavor. Color, purplish-pink. Our strain is excellent. This is the best early and main crop purple sort.

Prices: Pkt., 10c; $\frac{1}{2}$ oz., 25c; oz., 40c; $\frac{1}{4}$ lb., \$1.25; lb., \$4.00; 5 lbs., \$18.00, postpaid. Not prepaid, 10-lb. lots or over at \$3.50 per lb.

June Pink

Reuter's Brimmer Tomato No. 572—

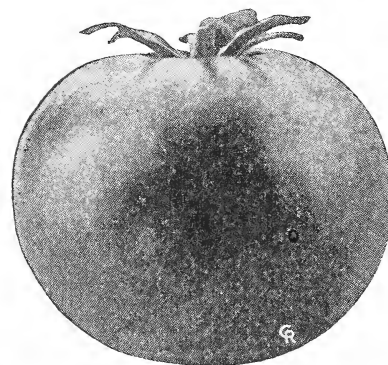

Claimed to be the largest of all tomatoes.

It is not a freak, but the very best tomato for the home garden from every standpoint. The great size and productiveness, and solid flesh is combined with delicious flavor for eating sliced raw or canned. The cooking qualities could not be better. The BRIMMER will produce tomatoes often weighing 3 pounds and some that were 18 inches around have been grown by training to a single stem. It must be staked. The solid flesh of this tomato is remarkable. There is no core, very few seeds, and the flesh is like a beefsteak. It is a medium-early variety and continues to bear large fruit all through the season. Vines are vigorous and healthy and bear a tremendous load of fruit right up to frost. It seems wonderful that a tomato should grow so large and yet have so many fruits on each vine. Even though so large, the fruits are well shaped, bright red, and the flavor is simply grand. Always sweet, mildly acid, melting and cool.

Prices: Pkt., 10c; $\frac{1}{2}$ oz., 35c; oz., 60c; $\frac{1}{4}$ lb., \$2.00; lb., \$7.50, postpaid.

Sparks Earliana No. 563—The earliest and best of the very early tomatoes; very productive for an early sort; fruit of fair size, round, very smooth and solid.

Prices: Pkt., 10c; oz., 25c; $\frac{1}{4}$ lb., 90c; lb., \$3.00; 5 lbs., \$13.75, postpaid. Not prepaid, 10-lb. lots or over, at \$2.50 per lb.

Norton Wilt Resistant

Cooper's Special No. 576—A new second early variety. Vines sturdy and vigorous growing, producing great clusters of fruits of attractive shape and color. Fruits medium size, globe shaped, light purplish pink color, solid, meaty and of excellent flavor. A most valuable sort for southern shippers and market growers and equally desirable for the home garden. Vines about three feet tall, yielding heavier than dwarf sorts and more compact than tall varieties. Seed very scarce. Orders will be filled in rotation as long as supply lasts.

Prices: Pkt., 10c; $\frac{1}{2}$ oz., 35c; oz., 60c; $\frac{1}{4}$ lb., \$2.00; lb., \$7.50, 5 lbs., \$35.00, postpaid. Not prepaid, 10-lb. lots or over, at \$6.50 per lb.

Reuter's Fine Tomato Seed

Purple Acme No. 547—A well known, hardy, early and productive sort; fruits of fair size, round and smooth; color purplish-pink. Has few seeds; is thick, meaty and solid.

Prices: Pkt., 10c; oz., 35c; $\frac{1}{4}$ lb., \$1.25; lb., \$4.00; 5 lbs., \$18.75, postpaid. Not prepaid, 10-lb. lots or over, at \$3.50 per lb.

Dwarf Stone No. 558—The best of the dwarf tomatoes; fruits large, smooth, very solid and of deep scarlet color.

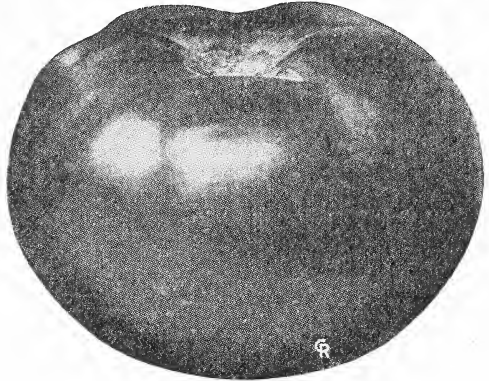

Prices: Pkt., 10c; oz., 35c; $\frac{1}{4}$ lb., \$1.25; lb., \$4.00; 5 lbs., \$18.75, postpaid.

Reuter's New Stone No. 565—

The standard and general favorite with truckers and canners; always dependable, very vigorous and productive; fruits round, large, solid, smooth and deep red in color.

Prices: Pkt., 10c; oz., 35c; $\frac{1}{4}$ lb., \$1.25; lb., \$4.00; 5 lbs., \$18.75, postpaid. Not prepaid, 10-lb. lots or over, at \$3.50 per lb.

Marglobe No. 575—The most important tomato introduction in years, the achievement of Dr. Fred. J. Pritchard, U. S. Dept. of Agriculture. It is a hybrid from Marvel and Livingston Globe. A pure scarlet, globe-shaped type, having the fine characteristics of the Globe, but more vigorous, a heavier producer and slightly earlier. A truly remarkable commercial variety.

Gulf State Market

Prices: Pkt., 15c; $\frac{1}{2}$ oz., 40c; oz., 75c; $\frac{1}{4}$ lb., \$2.75; lb., \$10.00; 5 lbs., \$45.00, postpaid. Not prepaid, 10-lb. lots or over, at \$8.50 per lb.

Reuter's Perfect First Early No. 556—

The color is a brilliant, bright red that attracts immediate attention from the trade. It is nearly round, with an average diameter of about 3 inches. Every tomato when ripe is red from blossom to the stem end. It is enormously prolific, and is without an equal for either early or late planting. Contains very few seeds, is solid and meaty, and of the finest flavor. The fruits are borne continuously in large numbers. The flesh is solid, has a tough skin, thus making it an ideal shipping variety. Uniform in size. It is absolutely smooth and has no trace of navel in the blossom end.

Prices: Pkt., 10c; oz., 40c; $\frac{1}{4}$ lb., \$1.25; lb., \$4.00; 5 lbs., \$18.75, postpaid. Not prepaid, 10-lb. lots or over, at \$3.50 per lb.

Improved Ponderosa No. 567—An exceptionally large purple-fruited tomato, and for home use one of the best; fruit very solid, with few seeds.

Prices: Pkt., 10c; $\frac{1}{2}$ oz., 35c; oz., 60c; $\frac{1}{4}$ lb., \$2.00; lb., \$7.50, postpaid.

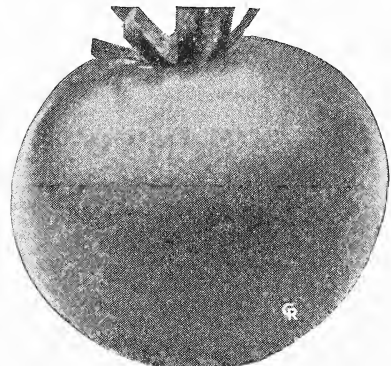

Louisiana Pink No. 573—A wilt resistant variety that has been grown and selected for years by the Louisiana Experiment Station, Baton Rouge, La. A smooth fleshed medium-sized pink tomato with a small seed cavity and few seeds. The skin is medium in thickness. A medium to early variety that has been bred to resist wilt and will yield higher under Louisiana conditions than any wilt-resistant variety developed outside the State. Prices: Pkt., 10c; $\frac{1}{2}$ oz., 35c; oz., 60c; $\frac{1}{4}$ lb., \$2.00; lb., \$7.50; 5 lbs., \$35.00, postpaid. Not prepaid, 10-lb. lots or over, at \$6.50 per lb.

Louisiana Red No. 574—Same as Louisiana Pink except the skin color which is red. The fruit represents a combination of characteristics between Earliana and Stone, and the vine as well, seems to be a blend of these two varieties. Prices: Pkt., 10c; $\frac{1}{2}$ oz., 35c; oz., 60c; $\frac{1}{4}$ lb., \$2.00; lb., \$7.50; 5 lbs., \$35.00, postpaid. Not prepaid, 10-lb. lots or over, at \$6.50 per lb.

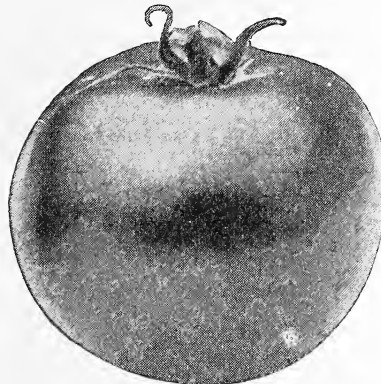

Norton (Wilt-Resistant) No. 571—

This variety was selected from the Famous Stone, producing a heavy yield of large, smooth, solid red fruit which ripens medium early. It is somewhat larger than the Stone, and is highly recommended because of its wilt-resistant features. The havoc wrought by wilt in tomatoes is serious, and if you have been disappointed in growing tomatoes because of this disease, you will be interested in this hardy, wilt-resistant sort. Prices: Pkt., 10c; $\frac{1}{2}$ oz., 30c; oz., 50c; $\frac{1}{4}$ lb., \$1.75; lb., \$6.00; 5 lbs., \$28.00, postpaid. Not prepaid, 10-lb. lots or over, at \$5.50 per lb.

McGee Tomato No. 562—Originated in Texas. Claimed to yield splendid crops where other varieties fail. Bright crimson, solid and of good flavor. It is especially recommended to thrive well on black land. Prices: Pkt., 10c; oz., 40c; $\frac{1}{4}$ lb., \$1.25; lb., \$4.50, postpaid.

Cooper's Special

Marglobe

Spinach and Squash Seed

SPINACH

Bloomsdale Savoy Spinach No. 502—

This sort is also known as the Norfolk Savoy Leaved. It is a very early variety and one of the best to plant in the fall for early spring use. The plant is of upright growth, with thick, glossy, dark green leaves of medium size. Seed round. This is the leading variety used in Texas and Virginia. We sell many tons of this seed to commercial growers.

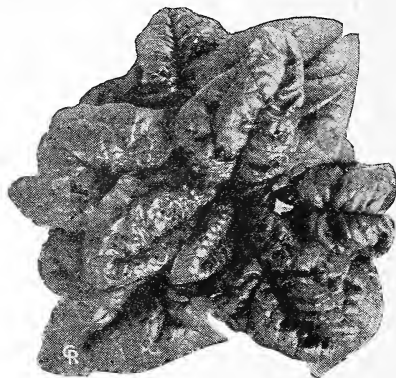

Broad Leaved Flanders No. 503—

The leading variety with the New Orleans market gardeners. An early and vigorous growing, round seeded sort. It is the best variety to plant for bunching purposes, and stands in-clement weather conditions very well.

Monstrous Viroflay No. 504—

This new-cornet sur-passes most other sorts. Plants are very hardy, with heavy foliage, the dark green leaves being the true Savoy appearance and of the finest quality.

Prices on above: Pkt., 5c; oz., 10c; ¼ lb., 15c; lb., 50c; 5 lbs., \$2.00, postpaid. Not prepaid, 10-lb. lots or over, at 30c per lb.; 50-lb. lots or over, at 25c per lb.

Bloomsdale Savoy Spinach

New Zealand No. 505—

Unlike true spinach in type and in that it thrives during hot weather and in any soil, rich or poor. The leaves are comparatively small, broad and pointed. Plant three or four seeds in hills 2 feet apart each way. Germination of the seed can be hastened by soaking in warm water 24 hours. Prices: Pkt., 10c; oz., 15c; ¼ lb., 40c; lb., \$1.25; 5 lbs., \$5.50, postpaid. Not prepaid, 10-lb. lots or over, at \$1.00 per lb.

King of Denmark No. 506—

This new variety is undoubtedly the most valuable introduction of spinach in recent years. Although the plants are ready for use almost as early as the medium early sorts, they remain in good condition from a week to two weeks after all other varieties have gone to seed. The plants are of rapid growth, the numerous leaves are extra large, broad and rounded, exceedingly bushy, slightly crumpled and glossy dark green color. It is a vigorous grower. In the late spring when all other sorts have run to seed it retains its dwarf habit and good eating qualities for a long time. Prices: Pkt., 5c; oz., 10c; ¼ lb., 20c; lb., 60c; 5 lbs., \$2.50, postpaid. Not prepaid, 10-lb. lots or over, at 40c per lb.; 25-lb. lots or over, at 30c per lb.

SQUASH

Earliest White Bush No. 515—

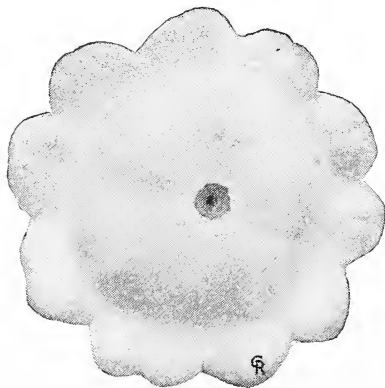

The earliest of all Squash. Our stock is a highly developed strain of the well-known White Scalloped or Patty Pan, and is largely planted by market gardeners and commercial truckers in the South who are anxious to produce the earliest sort for shipment to Northern markets. The vines are vigorous and productive. The fruits are of medium size, somewhat flattened and scalloped. The color is creamy white and comparatively smooth surface. Prices: Pkt., 10c; oz., 15c; ¼ lb., 40c; lb., \$1.25; 5 lbs., \$5.50, postpaid. Not prepaid, 10-lb. lots or over, at \$1.00 per lb.; 25-lb. lots or over, at 90c per lb.

Italian Vegetable Marrow No. 517—(Cocozella)—

The fruits are large, much elongated, dark green at first, but as they mature, become marbled with yellow and lighter green stripes. Pick when 6 to 8 inches long. Becoming a commercial variety in Florida and other Southern States. Prices: Pkt., 10c; oz., 20c; ¼ lb., 50c; lb., \$1.50; 5 lbs., \$7.00, postpaid. Not prepaid, 10-lb. lots or over, at \$1.25 per lb.

Zucchini No. 524—

This very desirable variety is frequently referred to as the Italian Squash. It is piquant in flavor, tender, delightfully palatable, and truly a sort worth a place in your garden. It is early to grow and is a heavy yielder. Prices: Pkt., 10c; oz., 20c; ¼ lb., 50c; lb., \$1.50; 5 lbs., \$7.00, postpaid. Not prepaid, 10-lb. lots or over, at \$1.25 per lb.

Earliest White Bush Squash

Early Summer Crookneck No. 518—

A mighty fine summer squash. The skin is yellow. The flesh has a deep golden orange color, and is dry and of most agreeable flavor. Measures from 1½ to 2 feet in length. Prices: Pkt., 5c; oz., 15c; ¼ lb., 40c; lb., \$1.25; 5 lbs., \$5.50, postpaid. Not prepaid, 10-lb. lots or over, at \$1.00 per lb.

SORREL No. 492—

Planted in drills a foot apart during the fall of the year and thinned out from 3 to 4 inches in the drills. It is used for various purposes in the kitchen; also in soup and salad. Cooked like spinach. Prices: Pkt., 10c; oz., 25c; ¼ lb., 75c, postpaid.

ROQUETTE No. 483—

Is used as a salad, which it resembles very much. Sow from September to March. Prices: Pkt., 10c; oz., 25c; ¼ lb., 75c, postpaid.

SALSIFY—

Culture—Sow the seed in early spring in shallow drills 18 to 20 inches apart. The soil should be stirred to a great depth. Cultivate frequently and let grow all summer. Frost does not injure the roots. Sow one ounce of seed to 100 feet of drill.

Mammoth Sandwich Island No. 492

This sort is large and strong-growing, with long, smooth, white, tapering roots, and is less liable to branch than any other kind. Prices: Pkt., 10c; oz., 25c; ¼ lb., 75c; lb., \$2.50, postpaid.

Turnips for Fall Gardens

Peerless Purple Top White Globe

Turnip No. 578—Our perfected strain of this splendid table variety is grown expressly for our critical market gardeners' and mail-order trade in America, and not to be compared with the usually inferior turnip seed of the same variety imported from Holland, Denmark and other European countries.

Early Purple Top No. 579—(Strap Leaved)—A very early variety. The leaves are few, upright in growth. The roots are flat, of medium size, purple or dark red above ground, white below. The flesh is white, fine grained and tender.

Early White Flat Dutch No. 580

(Strap Leaved)—A very early white turnip. The roots are of medium size, flat, very white fleshed, fine grained and sweet. The roots when in best condition for table use are about 2½ inches in diameter.

Large Snow White Globe No. 582

Color is pure white, shape is round, of large size, solid and quick in growth. It is productive and hard and closely resembles the Purple Top White Globe in size and shape, but produces turnips considerably larger.

Long White Cowhorn No. 588—This variety is clear white, except a little shade of green at the top of the root, which is long and carrot-like in form, cylindrical, but usually ending in a point, and slightly crooked. The roots are often 12 to 15 inches long by 2½ inches in diameter, and grow about 3 inches out of the ground. The flesh is fine grained, well flavored. Desirable for stock feeding. A rapid grower.

Seven Top, or Salad No. 584—Cultivated extensively in the South for tops, which are for greens. It is very hardy and will grow all winter, but does not produce a good root, and is only recommended for the tops.

Yellow or Amber Globe No. 586—One of the best yellow fleshed varieties, grown usually for stock feeding. The roots are of large size and of globular shape. The skin is of clear yellow, except the top, which is tinged with green. The flesh is light yellow, fine grained and sweet.

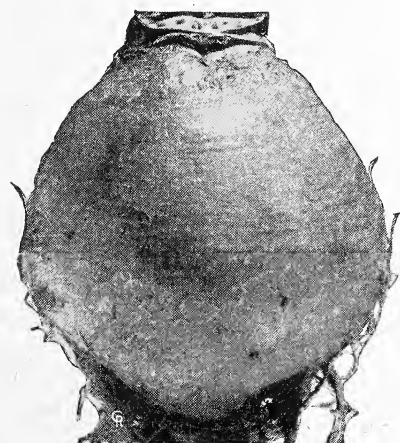

Prices on above: Pkt., 5c; oz., 10c; ¼ lb., 25c; lb., 75c; 5 lbs., \$3.00, postpaid. Not prepaid, 10-lb. lots or over, at 50c per lb.

Extra Early White Egg No. 585—An early, oval or egg-shaped variety with smooth, clear white roots of medium size which grow half out of the ground. The tops are small with leaves distinctly cut. The flesh is clear white, firm, fine grained and sweet. Matures in about 50 days.

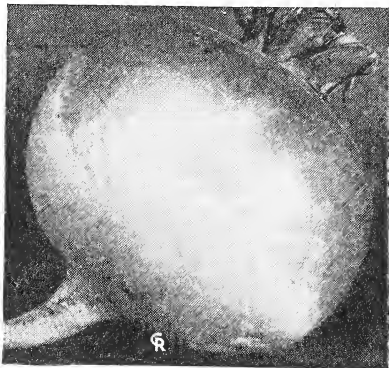

Prices: Pkt., 5c; oz., 10c; ¼ lb., 30c; lb., 90c; 5 lbs., \$4.00, postpaid. Not prepaid, 10-lb. lots or over, at 70c per lb.

Extra Early Purple Top Milan No. 589—This variety is remarkably early. The tops are very small, strap leaved, upright and compact, so that the rows can be planted close together. The roots are clear white, except for an attractive purple-red on the upper portion. Very smooth, flat and of best quality.

Prices: Pkt., 5c; oz., 15c; ¼ lb., 40c; lb., \$1.25; 5 lbs., \$5.50, postpaid. Not prepaid, 10-lb. lots or over, at \$1.00 per lb.

Improved American Rutabaga

Purple Top White Globe

Improved American Rutabaga No.

591—Our strain produces a variety with an exceedingly short neck, is very solid, of a beautiful orange or amber color, with a handsome purple top. Grows to extreme size and of the finest quality. It is short neck, small top, firm flesh, symmetrical shape, united with high-feeding value, great productiveness, hardness and long-keeping qualities.

Prices: Pkt., 5c; oz., 10c; ¼ lb., 25c; lb., 75c; 5 lbs., \$3.50, postpaid. Not prepaid, 10-lb. lots or over, at 60c per lb.

Reuter's 7 Ounce Turnip Collection

The collection contains One Full Ounce of Seed of Each of Seven Varieties of Turnips, as follows:

Purple Top White Globe	Yellow or Amber Globe
Purple Top Strap Leaf	Seven Top or Salad
Early White Flat Dutch	Long White Cowhorn
Large White Globe	

7 Full Ounces—7 Distinct Varieties—
for 25c, postpaid.

Reuter's Vegetable Plants and Roots

ORDERS for plants and roots will be shipped approximately three to five days after arrival, weather conditions permitting. If plants do not arrive as soon as you expect them, you may know that conditions beyond our control are responsible for the delay. Unnecessary correspondence and complaints do not alter weather conditions, but add extra expense and trouble to us and to you.

Frostproof Cabbage Plants—

The word "frostproof" does not mean "freeze-proof". A temperature of 20 degrees above zero with sleet and snow seldom hurts them. Under favorable conditions, they stand it down to 13 above zero.

To obtain the advantage of these Frostproof Cabbage Plants they must be planted a month or six weeks earlier than you would plant home grown plants. When we receive your order, we have to forward it to our growing station, and this requires several days. Plants are shipped direct to you from the growing station. If the plants cannot be set out the same day they are received, take them from the crate immediately, dip the roots in water and heel out into the ground, spreading the bunches a little. In no case should they be left in the crate. **Varieties:** Early Jersey Wakefield, Charleston Wakefield, Succession, Glory of Enkhuizen, Stein's Early Flat Dutch and Copenhagen Market.

We will fill orders up to May 1st. Remittances must accompany all orders. No plants shipped open account or C. O. D. Please do not ask us to break this very necessary rule.

Prices by Parcel Post: In lots of 100, 200, 300 or 400 plants, at 50c per 100 plants; 500 plants for \$1.50; 1,000 or more at \$3.00 per 1,000 plants, postpaid.

Orders are filled by the 100, not 250 or 350. These prices are for even quantities of one variety to a package; if you ordered 200 of one variety and 300 of another variety, you would remit at the 100 rate.

Prices by Express, F. O. B. Louisiana growing station: Customer paying express charges: In lots of 1,000 to 3,000 plants at \$2.00 per 1,000; 5,000 or more at \$1.50 per 1,000; plants packed for express shipment, 1,000 or 2,000 plants of a variety to a package, weight about 25 lbs. per 1,000 plants, packed for shipment.

We advise shipment by Parcel Post. Plants are shipped direct from our Louisiana growing station, separate from your seed order.

Hardy Onion Plants—

We can supply you with Genuine Yellow Bermuda, Prizetaker and Red Creole Onion Plants. This large assortment of the finest varieties can be furnished to you. Onion Plants are even more hardy than Frostproof Cabbage Plants, standing heavier and even light freezes without being killed. Onions grown from plants are larger and do not run to seed in the spring like sets.

Plant in rows about 15 inches apart and 3 to 4 inches apart in rows. We will fill orders up to May 1st.

Prices on Onion Plants are the same as Cabbage Plants. See above.

Asparagus Roots—

You can save from 1½ to 2 years time in getting your asparagus bed in condition by planting our large 2-year old roots. **Varieties:**

Palmetto—An early maturing and prolific variety.
French Giant Argentuil—Stalks are of mammoth size and highest quality. A popular sort.

Prices: By mail, postpaid: 25 roots, 40c; 50, 75c; 100, \$1.25; 500, \$3.75; 1,000, \$7.00.

Washington Asparagus Roots—A variety selected by the U. S. Dept. of Agriculture as being practically rust free. **Prices:** By mail, postpaid: 25 roots 75c; 50, \$1.25; 100, \$2.25; 500, \$6.75; 1,000, \$12.00.

Chayote, Mirliton, or Vegetable Pear —

It is produced on climbing vines with perennial roots. Spring planting of Chayotes is best, except perhaps in Southern Florida, where the winter frosts, if they occur, are usually light.

When planting, place the entire fruit on its side with the broad end slanting slightly downward; cover the lower end with not more than 2 inches of soil, leaving the small or stem end exposed. The fruits should be planted, one in a hill, 15 to 20 feet apart. Plants should be mulched with straw or litter.

Prices: 20c each; 2 for 35c, postpaid.

Herbs—

Those marked with an asterisk (*) are perennial. **ANISE No. 281**—Seeds of agreeable aromatic taste. Pkt., 10c; oz., 25c; ¼ lb., 75c. **BASIL SWEET No. 280**—For flavoring soups, stews, etc. Pkt., 5c; oz., 25c. **BORAGE No. 282**—Leaves used for flavoring. Pkt., 10c; oz., 30c.

***CARAWAY No. 284**—Seeds are used for flavoring bread, etc. Pkt., 5c; oz., 15c; ¼ lb., 40c. ***CATNIP or CATMINT No. 283**—For seasoning. Pkt., 10c; ½ oz., 60c. ***CHIVES No. 299**—Excellent for seasoning. Pkt., 10c; ½ oz., 35c; oz., 60c. ***CORIANDER No. 285**—Seeds used in confectionery. Pkt., 5c; oz., 15c; ¼ lb., 40c. ***CRESS, WATER No. 286**—Pkt., 10c; ½ oz., 50c. ***CURLED No. 297**—Pkt., 5c; oz., 15c. ***DILL No. 298**—Used in making dill pickles. Pkt., 5c; oz., 15c; ¼ lb., 40c. ***FENNEL, SWEET No. 287**—Leaves used in sauces. Pkt., 5c; oz., 20c. ***HOREHOUND No. 288**—For seasoning and cough remedy. Pkt., 10c; ½ oz., 30c. ***LAVENDER No. 289**—Used as a perfume. Pkt., 10c; ½ oz., 30c; oz., 50c. ***MARJORAM, SWEET No. 290**—Used for seasoning. Pkt., 10c; oz., 35c.

***ROSEMARY No. 291**—Aromatic leaves used for seasoning. Pkt., 10c; ½ oz., 50c. ***RUE No. 292**—For medicinal uses; good for fowls. Pkt., 10c; ½ oz., 30c. ***SAGE No. 293**—Much used for dressing. Pkt., 10c; oz., 50c; ¼ lb., \$1.75. ***SUMMER SAVORY No. 294**—Used for flavoring. Pkt., 5c; oz., 25c. ***THYME, FRENCH No. 295**—Leaves and young shoots used for seasoning. Pkt., 10c; oz., 50c; ¼ lb., \$1.50. ***WORMWOOD No. 296**—Used medicinally, also for poultry. Pkt., 10c; oz., 50c.

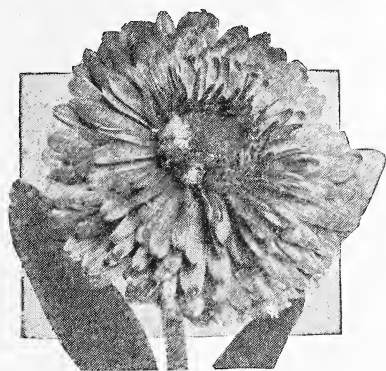

(Pie Plant)—May be planted at any time during the winter up to the first half of February. Plant 4 feet apart each way in deep, warm and very rich soil. These stalks usually grow from 3 to 4 feet long and 3 inches thick.

We offer only the Myatts Linneus variety, supplying it in Divided Crowns, the most satisfactory method for transplanting as the Seedling or Whole Roots do not come true but produce mostly seed stocks. **Prices:** By mail, postpaid: Single roots, 15c each; 10 to 25 roots, 10c each; 50 roots, \$3.00; 100, \$4.00; 500, \$17.50; 1,000, \$30.00.

Horse Radish Roots—Maliner variety we offer is distinct from the common horse-radish, being of quicker growth, producing larger and heavier roots and with pure paper-white skin.

Prices: By mail, postpaid: 25 roots, 75c; 50, \$1.25; 100, \$2.25; 500, \$6.75; 1,000, \$12.00.

REUTER'S Flower Seeds

Calendula Orange King

ON the following pages we are listing a splendid assortment of Spring and Summer flowering bulbs adapted for planting in the South. They are very effective and economical to use and every garden should have a liberal amount of them.

All prices on bulbs are postpaid

AMARYLLIS—(Johnsoni) No. 2149—Also known under the name of "St. Joseph Lily." Crimson scarlet with white stripe on each petal. See illustration. Good strong bulbs: 40c each; ½ doz., \$2.25; doz., \$4.00.

Hemerocallis—(Day Lilies)—Popular grouping and border plants with large lily-shaped flowers borne on long stems. See illustration. Very profuse bloomers.

Single Yellow No. 2265; Double Orange No. 2266. Prices on both: 15c each; ½ doz., 80c; doz., \$1.50.

Ismene—(Peruvian Daffodil) No. 2267—Fine Spring flowering bulbs with large fragrant amaryllis-like flowers crowned in cluster on the strong stems. The color is a pure white. Start to bloom three to four weeks after they have been planted. Fine border and pot plants.

Strong bulbs: 25c each; ½ doz., \$1.35; doz., \$2.50.

Madeira Vine—No. 2282—Rapid growing popular vine with hanging clusters of small fragrant white flowers. Very hardy. Strong roots: 10c each; ½ doz., 55c; doz., \$1.00.

Calla Lilies—Godfrey's Everblooming—The best white Calla Lily for amateurs. It produces three times as many flowers as the other varieties. In the extreme South it may be grown in the open in a protected place.

Prices: Large bulbs, each 35c; ½ doz., \$1.85; doz., \$3.50.

Golden Yellow—A very decorative variety with large pure yellow flowers in striking contrast to the dark green profusely spotted leaves. Exceedingly attractive and getting more and more popular every day.

Prices: Each, 40c; ½ doz., \$2.25; doz., \$4.00.

Creole Easter Lily

Lilium Erabu—One of the best of the Japanese Easter Lilies. This variety may be grown very successfully in pots.

Prices: Each, 25c; ½ doz., \$1.35; doz., \$2.50; 100 for \$18.00.

Butterfly Lilies—No. 2280—A straight upright growing plant with large clusters of fragrant snow white flowers. Delight in a good rich soil and require plenty of water.

Prices: 15c each; ½ doz., 80c; doz., \$1.50.

Nerine—(Guernsey Lily) No. 2290—A lily of unusual beauty. The flower petals are long and narrow. The stamens are standing fully 2 inches out from the petals giving the whole flower an odd striking appearance. The color is a lovely deep coral pink. Bloom in Fall.

Prices: 20c each; ½ doz., \$1.10; doz., \$2.00.

Tuberoses—Mexican Everblooming No. 2295—Single flowering and the best suited for the South.

Prices: 6c each; ½ doz., 30c; doz., 55c; 100 for \$4.00.

Zephyranthes—(Fairy Lilies)—Lovely small plants with pretty lily-shaped flowers placed single on the stems.

Rosea No. 2298—Fine large clear rose. Prices 10c each; ½ doz. 50c; doz., 85c; 100 for \$5.00.

Candida No. 2300—Pure white. Prices: ½ doz., 20c; doz., 35c; 100 for \$2.00.

Reuter's Creole Easter Lily—

No. 2275—A superior Lily for outdoor planting in the South. It is a strong grower with exceptionally large flowers of the purest white color and fine heavy texture. See illustration.

Note: Orders received late in the season we will fill with nicely started stock.

Prices on bulbs or started stock: 25c each; ½ doz., \$1.35; doz., \$2.50; 100 for \$18.00, prepaid.

"The Fancy Leaved Caladiums I got from you last year were beauties, and attracted much attention"—Grace M. Coley, Atmore, Ala.

Hemerocallis

Fancy Leaved Caladiums

Splendid plants for shady and half shady places or for growing in porch boxes and pots.

Note: As Caladiums are tender to cold, we will book all orders received for delivery in March except when otherwise requested.

Full cultural directions with every order

Prices: 12c each; ½ doz., 60c; doz., \$1.10; 100 for \$8.50.

Reuter's Sunny South Gladiolus Mixture No. 2258

We believe this to be the finest Gladiolus mixture ever brought on the market. It is not a ready made blend; whether your order calls for half a dozen or one thousand bulbs, it is made up individually. A large number of choice named varieties and colors including a liberal number of high grade seedlings assuring a mixture that is difficult to equal.
Prices: ½ doz., 40c; doz., 75c; 100 for \$5.00; 1000 for \$45.00, prepaid.

Primulinus Hybrids

These Gladiolus are of more slender growth with orchid-like flowers. The best for late plantings. See illustration.

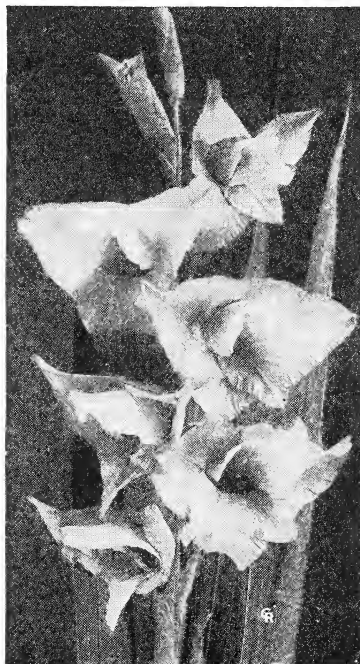

Alice Tiplady No. 2250—A lovely orange-saffron.
Prices: 12c each; ½ doz., 60c; doz., \$1.10; 100 for \$8.00.

Reuter's Dahlias

for Southern Gardens

*Decorative Dahlia—
Dr. Tewis*

Dahlias may be grown very successfully in the South. For Spring blooming they should be planted during February and March in this latitude, but, as Dahlias are tender plants, care should be taken that they are protected against frost. Late planting

we find to be the easiest and most desirable. The bulbs are planted during the latter part of May and the month of June. They will bloom during Fall and produce their mass of flowers until checked by the frost.

If you are not experienced in the growing of Dahlias ask for our "Dahlia" booklet. It is free.

Amun Ra No. 2351—(Decorative). Immense flowers with the outer petals of copper and orange tones, deepening in center to a dark reddish brown. Price: \$2.00 each.

Chas. L. Seybold No. 2217—(Peony). Crimson carmine with each petal tipped white. Price: 35c each.

Dream No. 2196—(Decorative). Beautiful salmon shade with amber glow. Price: 50c each.

Dreer's White No. 2187—(Show). Large glistening pure white. Price: 35c each.

Dr. Tewis No. 2368—(Decorative). Gigantic flowers of a beautiful old rose color shading to gold. See illustration. Price: 75c each.

Golden West No. 2209—(Hybrid Cactus). Large yellow overlaid orange. Price: 50c each.

Yellow Colosse No. 2199—(Decorative). Immense primrose yellow flowers. Price: 40c each.

Insulinde No. 2360—(Decorative). Immense flowers of beautiful golden orange color suffused bronze. Fine long stems. Price: \$1.25 each.

A. D. Livoni No. 2188—(Show). Lovely delicate pink color. Price: 30c each.

Marcella Gill No. 2198—(Decorative). Delightful soft shell pink. Price: 50c each.

Mina Burtle No. 2197—(Decorative). Fine deep glowing crimson. Price: 35c each.

Mme. Van Bystein No. 2215—(Peony). Rosy lilac changing to light blue. Price: 35c each.

Oregon Beauty No. 2216—(Peony). Fiery scarlet overlaid golden sheen. Price: 40c each.

Patrick O'Mara No. 2366—(Decorative). Cream yellow with salmon-red suffusion. The flowers are large and of perfect form. Price: 75c each.

Princess Juliana No. 2200—(Decorative). Fine pure white. Price: 35c each.

Queen Wilhelmina No. 2218—(Peony). Best white peony Dahlia. Price: 40c each.

Wodan No. 2208—(Hybrid Cactus). Large salmon rose shaded gold. Price: 50c each.

W. W. Rawson No. 2190—(Show). White overlaid with amethyst blue. Price: 50c each.

No. 2380—

REUTER'S FREE Flower Seeds

**4 PACKETS FREE WITH
EVERY ORDER OF 50 CENTS
OR OVER**

Reuter's gift of flower seeds with every order of half a dollar or over has become so popular throughout the South and has reached such proportions that it now requires several thousand pounds of flower seeds to supply the demand.

Old friends and customers, who anticipate the assortment that is given them and plant their home gardens accordingly, will not be disappointed with this season's collection. New customers, who have never before received this gift, will be highly pleased.

These are the varieties that you will receive free with your order. The collection includes: (3) Chrysanthemum coronarium, Double; (2) Lupins, Annual, Mixed; (1) Sweet Peas, Spencer, Mixed; and (4) Dianthus (Double Chinese Pinks) Mixed. You get the complete assortment of four packets if your seed order amounts to 50 cents or over. This does not mean a collection for every 50 cent portion of your order—*just one collection with an order.*

**PLEASE DO NOT ASK FOR
CHANGES OR ALTERATIONS**

The collection is given just as listed. Plain cultural directions are printed on each packet.
